As a service provider and partner to federal, state, and local government agencies, our lobbying activities have always been and continue to be focused on promoting the benefits of public-private partnerships in the delivery of secure residential care in correctional and detention facilities; community reentry and supervision programs; and electronic and location monitoring services, as well as the provision of evidence-based rehabilitation, both in-custody and post-release. We do not take a position on, nor advocate for or against, criminal justice or immigration policies such as whether to criminalize behavior, the length of criminal sentences, or the basis for or length of an individual's incarceration or detention.
