If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

**VII. ☒ This is a public works contract for the provision of architectural, engineering or surveying services.** The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. **Limitations on Actions and Special Proceedings against the County.** No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) **Notice.** At least thirty (30) days prior to seeking relief the Firm shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Firm shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Firm shall allege that the above-described actions and inactions preceded the Firm's action or special proceeding against the County.

(b) **Time Limitation.** Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. **Work Performance Liability.** The Firm is and shall remain primarily liable for the successful completion of all work in accordance with this Agreement irrespective of whether the Firm is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. **Consent to Jurisdiction and Venue; Governing Law.** Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to

this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Firm shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Firm, to the attention of the person who executed this Agreement on behalf of the Firm at the address specified above for the Firm, or in each case to such other persons or addresses as shall be designated by written notice.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. ## EXHIBIT A

Detailed Scope of Services  
On-Call Environmental Design Services  
Basic Services of the Firm

## I. SCOPE OF SERVICES

Subject to the written direction, control and supervision of the Commissioner and encumbrance thereof by the County Comptroller for the required purpose, the Firm agrees to perform the specialized on-call design services, at various time periods, at any of the County's environmental facilities.

## A. ON-CALL ENVIRONMENTAL OPERATIONS ASSISTANCE AND DESIGN SERVICES

## 1. Notification

When the Firm's representative is requested at the plant, notification will be made through the office of the Commissioner of Public Works or his duly authorized representative. The response time will be predicated upon the severity of the problem to be addressed, consequently a presence might be necessary as soon as twenty-four hours after notification, but the Department will endeavor to provide as much advance notification as is practicable. All work activities will be documented, and report(s) will be prepared, as needed, describing the problem, the Firm's evaluation and/or recommendations and response. The Firm's work will be monitored and records will be maintained of the on-site or off-site work-hours expended.

The County reserves the right to extend the number of work-hours for specific assignments at any time during the assignment. The County reserves the right to make multiple project assignments for the site specific services. Further, the County reserves the right to transfer or otherwise modify such specific assignments to another project on the site if deemed in their best interest. Details regarding requirements for a modification of assignment(s) would be included in the work order formally issued by the Commissioner's Office.

## 2. Service Category Description:

## a) Wastewater Treatment Process

Consultations might be requested to assist County staff with treatment process related difficulties. Given the importance of maintaining treatment at a level consistent with adherence to the plant's State Pollutant Discharge Elimination System (SPDES) Permit specialized knowledge and access to such expertise will at times be required. The Firm's own employees (as submitted to the County in writing) can be used but provisions will be incorporated for use of additional experts (i.e. sub-consultants).

## b) Design Services

The Firm may be required to furnish a team that can complete design documents (and any related construction period services) so as to remedy a significant process/system deficiency that

impacts process, codes or permit compliance. The Firm would be directed to utilize any/all of the design team listed herein at their approved wage rates for the specific "on call" task. A schedule and cost to complete the design task, along with an estimate of the remedial construction costs, shall be submitted to the Commissioner for approval. The Firm would be directed to complete such design work in a format suitable to the Commissioner's designated method of contracting the remedial work (NCDPW Bid, Purchase/Install Contract or Requirements Contract Work Order) Such documents would require a Professional Engineer's (P.E.) seal and signature.

c) Code or Compliance Issues

The complexity of wastewater treatment plants (and similar environmental facilities), which encompass a wide variety of work activities and conditions, pose numerous challenges to their employees and management as they are governed by numerous federal, state and local codes, rules and regulations. It is the goal of the County to ensure adherence to all the applicable rules and regulations. At times it may be necessary to request the services of qualified and recognized experts in certain fields (for example those knowledgeable of Title V air permitting or OSHA regulations) especially with regard to their implementation in wastewater treatment plants.

d) Process Control Issues

The plants are continually being improved/upgraded and as such new processes and equipment are intermittently being integrated into the plant's operating scheme. The Firm might be requested to furnish an individual to assist the plant staff in the start-up of such new processes and/or equipment. The duties will include coordination with all affected parties (the plant, construction contractors and design engineers). The Firm's representative will act as the liaison between the respective parties to ensure a continuity of effort. Included will be the incorporation of any new information into the plant's overall operations and maintenance manual. Any new additions to the manual must follow the exact format as the existing. A representative of the Firm may also be requested to provide supplementary training with respect to processes and/or equipment in conjunction with that furnished by the various contractors and/or equipment vendors and suppliers.

e) Specialized Equipment Knowledge

Given the complexity of new equipment being integrated into the plant/facility as result of new construction or normal upgrades specialized knowledge of a particular item might be lacking until such time as County employees become familiar with the equipment and have accumulated some operational experience. While the requisite knowledge is developing, the Firm may be requested to furnish a qualified individual to assist the County during this interim period. Such an individual might help instruct and provide insight to County employees so that disruptions might be forestalled or affect SPDES Permit compliance.

3. Task Order Procedures

This Agreement is an on-call services agreement. Nothing contained in this agreement, shall be

deemed to assign, or guarantee assignment of, any work to the Firm. Any work that may be assigned to the Firm is subject to all the terms and conditions contained in this Agreement.

a) Task Order Issuance and Submission of Proposal - in the event that the Department identifies the need for services under this Agreement, the Department may issue a task order (the "Task Order") that provides a detailed description of the services the Department requires and the type of cost estimate it is requesting. The Department may send the Task Order to the Firm. If the Task order is sent to the Firm, the Firm shall:

1) Review the task order and respond to the Department with any questions the Firm may have within five (5) business days of the Department's issuance of the Task Order; and

2) Submit to the Department a task order proposal (the "Proposal") within the time specified in the Task order, which shall include, without limitation: (i) (A) the staff proposed to provide the requested services, their classification and corresponding hourly rates consistent with those set forth in this Agreement, or (B) in the event of a lump sum proposal, the total fee the Firm will require to complete the work described in the Task Order and (ii) the total time the Firm will require to complete the work described in the Task Order. If no due date for the Proposal is specified in the task order, such due date shall be (1) month from the date the Task order was sent by the Department to the Firm.

(b) Department review of Cost Proposal:

1) The Department shall review the proposal and the Department may, in its sole and absolute discretion, (i) select the Firm to provide the requested services, (ii) reject the Proposal or (iii) request modifications to the proposal and grant additional time for the submission of a revised Proposal.

2) The Commissioner of the Department shall notify the Firm in writing of the Department's determination and, if the Proposal is accepted by the Department, the Department will issue a notice to proceed setting forth a start date and any additional terms and conditions that apply.

## EXHIBIT B

Payment Schedule

Payment(s) to the Firm for all services under this Agreement that are authorized by the Department shall be made in accordance with Section 3 of this Agreement and further described below:

## I. SERVICES

A. Payment for services under this agreement shall be made (i) on the basis of a lump sum; or (ii) the actual salaries paid to the approved technical personnel engaged in performing the service as set forth in the Maximum Hourly wage Rate schedule as defined below, exclusive of payroll taxes, insurance, and any and all fringe benefits, times a multiplier of two and seventy-five hundredths (2.75). ## B. Subconsultants and Special Subconsultants

Subconsultants engaged by the Firm, with the prior written consent of the Commissioner, shall be compensated on the same basis as provided in paragraphs provided herein for employees of the firm unless the Firm has been approved to utilize a subconsultant that has a firm multiplier that is below that stated above for the Firm. The Firm shall be reimbursed the actual cost of the fees of the subconsultant and in the case of special subconsultants, the Firm shall be permitted to claim five (5) percent of the cost of the special subconsultant's services as compensation for coordinating or otherwise supervising the work of the special subconsultant.

The Firm shall first obtain the approval of the Commissioner before retaining any special consultant for services other than any of the services for which the Firm has claimed skill and experience forming the basis of this agreement

## II. MAXIMUM HOURLY WAGE RATE SCHEDULE:

The "Maximum Hourly Wage Rate Schedule" annexed hereto and made a part hereof as Exhibit "C" shall list the job classifications and maximum hourly wage rate for each classification. The salaries of all employees rendering services under this Agreement must be within the limits of the approved Maximum Hourly Wage Rate Schedule. The Maximum Hourly Wage Rate schedule shall be adjusted annually in accordance with any wage increases granted to County employees in the Civil Service Employees Association. Subject to written approval of the Department, the Firm may grant an employee a salary increase within a classification or a change of a classification upon written notification to the Department one month prior to the effective date of such an increase. Premium pay for overtime work, over and above the straight hourly rate, performed for any services rendered under this agreement shall not be subject to any multiplier. In computing the cost to the County for overtime

work performed, the overtime period shall be paid at the agreed multiplier times the straight hourly rate plus the actual premium cost incurred as set forth on the Maximum Hourly Wage Rate schedule. Notwithstanding the foregoing, the maximum billable rate, after the application of a multiplier for any services provided under the terms of this agreement shall not exceed One Hundred Seventy Five (\$175) dollars per hour.

## Appendix EE

## Equal Employment Opportunities For Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the

list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Reward of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail

return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation.
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

**COUNTY OF NASSAU**  
**DEPARTMENT OF PUBLIC WORKS**  
**Inter-Departmental Memo**

**TO:** Office of the County Executive  
Att: Richard R. Walker, Chief Deputy County Executive

**FROM:** Department of Public Works

**DATE:** April 22, 2016

**SUBJECT:** Recommendation to Engage Consultant Services for  
On-Call Environmental Design Services  
RFP No. PW-S37860-03X

This Department intends to procure several consulting engineering firms to provide environmental design services for the County's various environmental facilities on an "on-call" basis. These firms will be utilized to provide services that are not typically completed by County environmental engineering staff due to the highly specialized nature of the work, permit compliance issues or other issues that require immediate attention.

The procurement process was conducted in accordance with County Executive Order No. 1 and Board of Supervisor's Resolution No. 928-1993. A Request for Proposal (RFP) was issued on February 5, 2016, for the aforementioned services.

In response to the RFP, technical proposals were received from four (4) firms on March 4, 2016, and subsequently evaluated by both registered professional engineers and other personnel within the Department of Public Works. The technical evaluation was based upon the firm's demonstrated competence, relevant experience, project organization and staffing (including short notice availability), with consideration given for local preference.

After completing the technical review, the cost proposals were opened. The technical ranking, which is based on a one-hundred (100) point maximum, and cost proposals are summarized as follows:

<b>Firm Name</b>	<b>Technical Rating</b>	<b>Technical Rank</b>	<b>Proposed Multiplier</b>
Dvirka and Bartilucci	93.3	1	2.75
Cameron Engineering	92.3	2	2.75
Gannett Fleming	91.7	3	2.85
Savin Engineers	86.0	4	2.80

It should be noted that no specific cost proposals were requested with this RFP since the services are of an "on-call" nature; and, a specific scope of work cannot be defined. The firms selected will be required to submit a cost proposal on a case-by-case basis for review and approval for each proposed task order. Payments to the firms will be based upon actual salaries paid to their personnel times a multiplier. Based upon previous similar type contracts, we estimate approximately \$1,000,000.00 in aggregate of services would be provided. The agreement with each selected firm would have a one (1) year term, with an option to extend for two (2) additional years. Each firm, as part of the RFP, was requested to submit a proposed multiplier for the technical services. The average multiplier, based upon all multipliers submitted by all firms responding to this RFP, was 2.79.

Page 2  
Subject: Recommendation to Engage Consultant Services for  
On-Call Environmental Design Services  
RFP No. PW-S37860-03X

The Department recommends the following four (4) firms be retained for these services at a multiplier not to exceed 2.75 for the technical services:

D&B Engineers and Architects, P.C.  
330 Crossways Park Drive  
Woodbury, New York 11797

Gannett Fleming Engineers and Architects, P.C.  
100 Crossways Park West, Suite 300

Woodbury, New York 11797

Savin Engineers, P.C.  
88 Sunnyside Boulevard, Suite 203  
Plainview, New York 11803

Funding for these professional services will be made available under various capital projects, and the Sewer and Storm Water Resources District annual operating budget.

In accordance with procedural guidelines, CSEA has been notified of this proposed agreement.

Please indicate below whether you approve or disapprove of our recommendation, after which we will implement the next appropriate Departmental procedure(s).
