TITLE

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

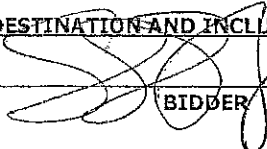

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

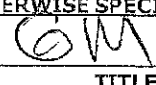

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition,

It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

SPECIFICATIONS

1. DESCRIPTION:

The work covered by this item consists of removing saplings, briars, shrubs, and overgrown vegetation at various county locations as directed by the engineer, protecting trees and shrubs which are to be preserved, and finishing the work as specified. This item may be used to gain access to areas where tree trimming and/or removal work must be undertaken, in instances when vegetation overgrowth must be cleared at a specified location or as otherwise directed by the engineer.

2. OPERATIONS AND MATERIALS:

The following materials shall be removed from the areas and disposed of off-site as ordered by the engineer or his representative:

- a) All trees which are dead, dying, leaning, hazardous, in poor condition, in poor locations, or crowding more desirable species of vegetation which are to be preserved.
- b) Stubs and stumps shall be cut at ground level.
- c) All fallen woody debris.
- d) Shrubs which are in poor condition shall be cut at base and removed.
- e) Vines growing into trees shall be cut at base and removed.
- f) Vegetation encroaching upon and/or growing within the limits of the work area.

All woody debris to be disposed of under this item shall be removed and disposed of off the contract site at the contractor's expense. Upon request, the contractor may be allowed to use a wood chipper, and the chips may be blown into existing wooded area and used as mulch.

All trees and shrubs to be removed will be designated by the engineer or his representative either by separate marking, marking in sample areas, or otherwise, to guide the contractor on the scope and detail of the work.

Care shall be taken in the felling of trees and the operation of equipment to prevent injury to trees and shrubs which are to be preserved. All injuries to limbs, bark, and roots of such plants shall be repaired as directed by the engineer.

The surface of the ground in areas for selective clearing shall be left in a condition which is reasonably consistent with the surroundings. The contractor is advised that selective clearing may be necessary prior to grass mowing (by contractor or others) at particular areas. In such instances, the ground surface shall be prepared to be free of obstructions (tree stumps, root systems, protruding objects, etc.) that could interfere with any and all mowing equipment, or as otherwise directed by the engineer.

This item will apply to areas overgrown with brush, briars, heavy vegetation, woody vines and saplings.

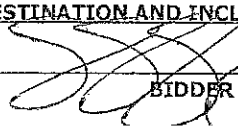

3. MEASUREMENT AND PAYMENT:

Selective clearing shall be measured by the number of square yards satisfactorily completed as computed to the nearest tenth thereof by the County engineer.

Selective clearing will be paid for at the unit price bid per square yard, which payment shall constitute full compensation for all labor, materials, equipment, and incidentals necessary to complete the work as specified.
