

Nassau County Office of the Comptroller

Field Audit Section

Mission

The mission of Field Audit is to provide an independent objective audit service of County Departments, County Agencies and County vendors. Our internal reviews improve County operations and add value by examination and evaluation of the effectiveness and efficiency of County functions. Our testing of the adequacy of controls aids the County in the prevention of waste and safeguarding the public assets.

Vision

Our vision is to be known as a valued and respected advisor to County management and the County taxpayer.
