A project funded by and conceived through the NY Rising Community Reconstruction Program of the Governor's Office of Storm Recovery.

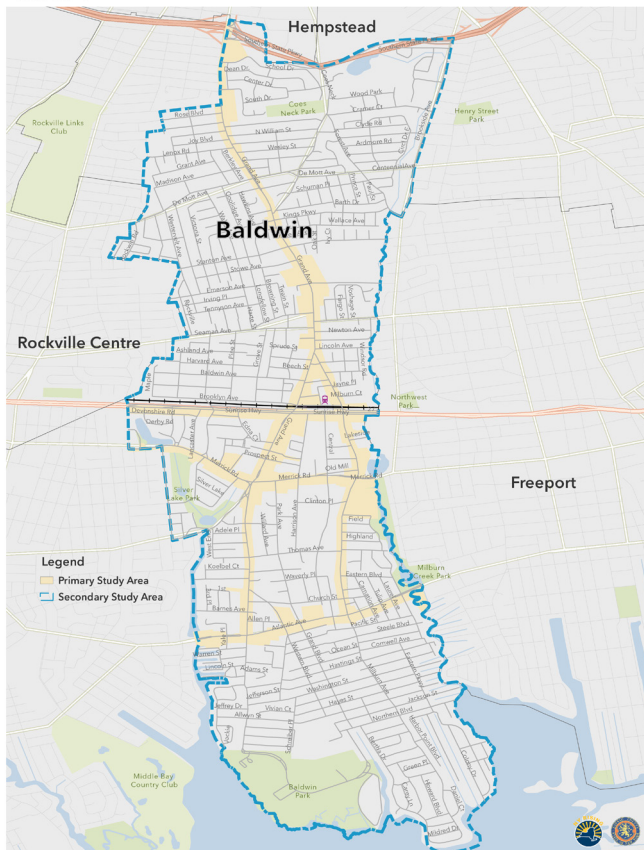

Nassau County Department of Public Works Public Open House Meeting Invitation

Baldwin Downtown and Commercial Corridor Resiliency Study

Baldwin, Town of Hempstead, New York

Join the Nassau County Department of Public Works (NCDPW) at the first Open House Meeting for the Baldwin Downtown and Commercial Corridor Resiliency Study (Baldwin DCCR). Building on existing local initiatives, the study will develop an implementable plan that ensures economic and physical resiliency within the Baldwin community. The study will consist of goals that focus on green infrastructure improvements, as well as commercial and mixed use development opportunities.

The Baldwin DCCR Study will evaluate potential opportunities for economic growth to help foster economic investment, expand housing options, increase mobility around town, and, enhance public spaces. These opportunities could lead to construction of new residences and businesses in close proximity to public transportation and outside of low-lying and flood prone areas.

Bring your friends and neighbors and join us at the first Open House on **Wednesday, November 16th at Baldwin High School anytime from 7 - 9 pm**. Come preview preliminary recommendations and concepts for addressing economic resilience and revitalization in Baldwin. Please come share your ideas, comments and suggestions.

Please join us at this public information and outreach meeting and help shape your community's future. Light refreshments will be served.

Comments may be submitted in writing during the meeting or later mailed or emailed to:
