OVERVIEW

The Office of Management and Budget (OMB) is pleased to issue the 2013 February Financial Report. Historically, the County has reported its financial results on a budgetary basis, a comparison to the County's Adopted Budget. This document continues this method, and maps and reports on County expenses and revenues as detailed in the 2013 Adopted Budget. During the 2012 Budget adoption process, an agreement was reached with the Nassau County Interim Finance Authority (NIFA) to achieve structural balance in 2015. The County will remain in budgetary balance despite unprecedented increases in employee pension and health insurance costs.

The County acknowledges that it continues to project a GAAP deficit (excluding other financing sources) in each year until 2015, and that the NIFA control period will likely need to extend through that time, and plans to use the transitional borrowing conditionally allowed by NIFA to substantially fund tax certiorari refunds, other judgments and settlements, and termination payments until it can bring its operating expenditures in line with its operating revenues and produce a balanced budget (excluding other financing sources). Proceeds from these borrowings, which require approval by NIFA, do not contribute to GAAP revenues due to the accounting treatment prescribed by GAAP.

In the wake of Superstorm Sandy the County faces related expenditures in 2013 for residual debris removal, protective measures, infrastructure repair and other costs yet to be fully estimated. The Administration is optimistic that the Federal Emergency Management Agency will reimburse local governments at a minimum of 75 percent of costs for disaster expenses, although the states of New York and New Jersey are seeking 100 percent reimbursement, consistent with Hurricane Irene reimbursement levels. The February projection does not include any anticipated hurricane related costs as they are segregated into an established FEMA Fund.

The consolidation of police precincts from eight to four initiated in FY 2012 will produce annual savings of \$20 million. One consolidation was delayed to end of first quarter of 2013 as a repercussion of Superstorm Sandy. Highlights of the Police Precinct consolidation include:

- Maintaining all 177 patrol cars in their current neighborhoods;
- Assigning 48 more police officers to patrol positions for a total of 88 more officers assigned to patrol since 2010; and
- Redistributing administrative workload more evenly among four new precincts.

Because of the layoffs and voluntary incentive programs through 2011 and 2012, the fulltime headcount for the major funds at the end of February 2013 was 7,344 positions compared to

7,861 at the end of December 2011, representing a reduction of 517 positions. Despite these efforts the County continues to face fiscal challenges in 2013.

The projections in the tables that follow in this report are based on the headcount at the end of February 2013. The Administration has not projected operating costs for police terminations as it intends to bond for those separations. Currently, 19 police separations, including one disability separation, are scheduled, at an estimated cost of \$4.5 million.

The County assumes that there will be attrition savings of \$2.6 million, excluding uniformed members of the Police Department. The attrition savings are reflected in the Budget Department as a placeholder and will be allocated in subsequent months as the savings are recorded in each department.

The County is projecting a surplus of \$10.2 million primarily due to fringe savings in health insurance. The 2013 Adopted Budget assumed a composite rate increase of 8% over August 2012 levels. Subsequent to the adoption, final 2013 health insurance rates were issued by NYSHIP which indicated that the rate increase for 2013 on a composite basis was approximately 4.5%.

The Administration has developed initiatives and is in the process of implementing them. The value of the actions listed below represent savings that will be achieved in 2013. For many of the actions the savings will be greater on an annualized basis.

| Surplus After Corrective Actions | 12.9 |
|---|------|
| Correction Officers Long-Term Disability Retirements Savings for 6 months | 1.2 |
| Police Long-Term Disability Retirements Savings for 9 months | 1.5 |
| Gap Prior to Corrective Actions (\$'s in millions) | 10.2 |

Police Long-Term Disability Retirements

Fifteen (15) police officer titled employees are expected to retire under this initiative. The Nassau County Police Department is currently reviewing all injuries to file for disability pensions. The value of the removal and transferal of the employees from the County payroll to a State disability pension will generate total savings of approximately \$1.5 million.

Correction Officers Long-Term Disability Retirements

Twenty (20) correction officer titled employees are awaiting a final determination from the New York State Comptroller on applications for a disability pension. Medical documentation previously submitted indicates that these employees are permanently disabled and therefore unable to perform the full duties of their positions. The Nassau County Sheriff's Department will

request assistance and intervention from the New York State Comptroller. The value of the removal and transferal of the employees from the County payroll to a State disability pension will generate total savings of approximately \$1.2 million.

In subsequent months, the County will provide a status report for each initiative in the monthly report to NIFA. We will identify the steps that have been taken and the steps that remain to implement fully each initiative. In addition, we will indicate the savings-to-date and the amount projected for the fiscal year.

EXPENDITURE RESULTS

Salaries, Wages & Fees

Projected Salaries Expense for 2013 for the five major funds is \$778.7 million, which is \$6.0 million less than the 2013 Adopted Budget. The projected variance is primarily being driven by vacancies predominantly in the Correctional Center and the Police Department. This is partially offset by higher projected overtime and terminal leave expenses and an interest arbitration award for the Investigative Police Benevolent Association collective bargaining unit (IPBA). For 2013, the County will continue its on-going efforts to reduce costs through the successful implementation of various corrective actions. This will require innovative management initiatives to further reduce headcount without impacting the services provided to residents.

Headcount

The full-time headcount for the major funds as of February 28, 2013 was 7,344 positions, which represents 35 fewer employees than year-end 2012. The headcount will continue to decrease as a result of continued normal attrition and limited replacement of personnel deemed crucial to County operations. The headcount reductions represent a decrease of nearly 20% when compared to the number of positions in the 2009 Adopted Budget.

Overtime

Through February 28, 2013, the Police Department incurred approximately \$6.1 million in overtime expense. OMB is projecting that the Police Department will end 2013 with \$48 million in overtime expense, which is \$3 million higher than the Adopted Budget. Through February 28, 2013, the Sheriff/Correctional Center incurred approximately \$1.2 million in overtime expense, which is consistent with February 2012. The projection for the year assumes that the department will be on budget.

Fringe Benefits

The 2013 Adopted Budget for Employee Benefits provided for the five major funds is \$495.6 million. This includes a variety of expenses, the largest of which are employee and retiree health insurance, pensions and the County's portion of the FICA payroll tax. For 2013, Employee Benefits are projected to be \$483.4 million, a \$12.2 million savings from the 2013 Adopted Budget, primarily attributable to lower than budgeted health insurance costs due to lower composite base premium increases as well as a declining number of individuals on the health insurance rolls. See the selected Fringe Benefits (AB) schedules immediately following the departmental tables for more details regarding current projections on some of the more significant fringe benefit items.

REVENUE RESULTS

Department Revenues

OMB projects Department Revenues to be \$5.5 million lower than the \$178.2 million in the 2013 Adopted Budget primarily due to a delay in housing Federal Immigration and Customs deportees at the County's Correctional facility.

Federal Aid

OMB projects Federal Aid to be \$153.8 million, a \$2.3 million shortfall when compared with the 2013 Adopted Budget amount of \$156.1 million. The decrease is primarily attributable to a lower number of housed federal inmates at the County's Correctional facility as well as lower than anticipated salary expense reimbursements in connection with Social Services.

The Nassau Regional Off-Track Betting Corporation (OTB) is a component unit of Nassau County. It was created by the New York State Legislature as a public benefit corporation. Nassau County receives net operating profits from OTB and these revenues are recorded in the County's General Fund.

Please note that these figures are estimated based on our 2012 budget submitted to the NYS Racing & Wagering Board. These figures will be reconciled to actual figures once our filings with the NYS Racing & Wagering Board have been submitted and accepted. The 2013 budget has not been finalized at this time.

KPI REPORT 9: Tax Certiorari Report

The County's Assessment Review Commission (ARC) has compiled preliminary statistics as of March 1, 2013 with respect to grievances filed for the 2013/2014 tax year. Thus far, there have been 136,179 grievances filed broken down as follows:

| Class | Number of Grievances |
|----------------------|-----------------------------|
| Class I Properties | 115,385 |
| Class II Properties | 5,426 |
| Class III Properties | 514 |
| Class IV Properties | 14,854 |
| Total | 136,179 |

The joint conference program with the County Attorney's office and ARC implemented to increase the number of settlements is proceeding very well.

Over 86,000 residential offers have been made to settle open claims. ARC's counter-counteroffers have been sent out and the third phase of three for representatives to respond is in effect, thereafter conferencing will begin. Of the 86,000 residential offers sent, 9,216 were offers made to petitioners representing themselves. Of the 9,216 offers made, 8,336 have accepted the stipulation to settle, 78 have not accepted and need a conference to negotiate and the remainder have yet to respond.

ADAPT (the County's multi-department tax certiorari case management system) is still in a training and adjustment phase and we are winding down with weeding out any issues that still need to be resolved. ADAPT is expected to facilitate communication and sharing of information for the several different applicable departments and improve the swiftness of case dispositions.
