ARC AUTHORIZATION FORMAT REQUIREMENTS

2025/26

Assessment appeals filed by an attorney or representative are valid only if accompanied by an authorization signed and dated by the applicant. The law requires that the authorization be attached to the application during the filing period. The applicant must be the owner or other person responsible for payment of the taxes.

AROW, an interactive web application on the County's site allows for filing all appeals electronically. File your authorization forms electronically through the same web system by attaching image files directly to electronically filed appeals.

There are two options within *AROW* for filing appeals and attaching authorizations: on-line and bulk upload. You may use one option for filing appeals and the other for attaching authorizations. You may also use the bulk option for some of your appeals or authorizations and the on-line option for others.

Parcel number format (PARID)

- 1) The County currently uses a standardized parcel number format ("SBLBU"), which combines section, block and lot numbers into a single string of numbers, letters and spaces. Use of this format for all purposes is recommended. It is required for bulk electronic submission of appeals and for naming of authorization images to be bulk uploaded properly.
- 2) The SBLBU format is described in a separate document: *Nassau County Parcel ID Format*.
- 3) When lots have been grouped, only the first lot appears on the roll and the other lot numbers should not appear in the space provided for parcel number in any electronic or paper form.
- 4) **If your authorization form is to be used for two or more parcels you must make additional copies of the scanned image and name them to match each separate appeal.** A condominium unit is a separate tax parcel and each unit covered by the appeal must be listed. Create a copy of the scanned image for each unit.
- 5) Parcels listed on the public utility or special franchise section of the Nassau County roll do not use section, block and lot numbers as their official legal description and there is not a one-for-one relationship between the official parcel numbers and tax map lot numbers. The utility section includes parcels in both tax class 3 and 4. Use only the official numbering system (see Nassau County Parcel Number Format provided) for utility parcels.

2. When submitting authorization uploads DO NOT zip the folder they are in.
3. You must select the files you want to submit and add those to your zip file.
4. Do not bulk upload for fewer than 25 appeals at a time, whether it be an application, authorization or AR20 upload.
5. Bulk filing deadline will be at close of business (4:45 pm) on the last day of the filing period (March 1, 2024). DO NOT WAIT UNTIL THE LAST MINUTE
6. Individual filings may still be entered and authorizations may be attached online until 11:59 pm on the last day of the filing period.
7. Authorization uploads may not be processed until after the filing period is over, however they are still required to be submitted timely.
8. Authorization files must be named with the following naming convention:
The prefix in the Authorization upload should be capitalized.

AUTH-YYYY-NN-XXX-SBLBU.EXT where

YYYY is the year (**example: 2026 for 2025-26 applications filed in 2024**),

NN is the sequence number of your file if more than one is submitted,

XXX is the county representative code assigned to your firm (if your firm does not have a county number please contact ARC and one will be assigned to you),

4. Make one image file per appeal.
5. **If you will be using the same authorization for multiple appeals (i.e., multiple units or lots), make multiple images with file names that correspond with the parcel number on the appeal.**

AROW attachment

- 1) At any time during the filing period ending **March 1, 2024** you may attach authorizations and other documents to your filing. You can attach a scanned image of an authorization stored on your computer when you file the appeal in *AROW*. Find the appeal form in *AROW* for the appeal to which you want to attach the document and click the View/Add Attachments button on the upper right. You must file an application first.
 - a) **Zip file names should start with AUTH....Zip. Please use some identifier after AUTH to enable us to distinguish one AUTH zip file from another. Ie AUTH2026-RepNum-01.zip, AUTH2026-RepNum -02.zip, etc.**
