25 LEGISLATOR NICOLELLO: Here.

1 Rules 2-24-20

2 MR. PULITZER: We have a quorum
3 sir.

4 LEGISLATOR NICOLELLO: Thank
5 you. We have one item to be considered.
6 That's E18 of 2020. A resolution authorizing
7 the county executive to execute an amendment
8 to personal services agreement between the
9 County and Family and Children's Association.

10 Moved by Legislator Rhoads.
11 Seconded by Legislator Bynoe. That's before
12 us. We have several individuals at the
13 podium. And I know that you have the report
14 of the IG and she had posed several
15 questions. I'd like you to attend to those.

16 MR. KANOWITZ: Michael Kanowitz
17 from DSS. I believe as to the second point
18 that the representative of the county
19 attorney's office will address part of that.

20 As to the first part, I believe you
21 have been provided with a revised summary of
22 the services and that corrects a clerical
23 error in the nature of the services under the
24 contract.

25 LEGISLATOR NICOLELLO: So the

1 Rules 2-24-20

2 revised summary contains an accurate
3 description of the services the county is
4 contracting for?

5 MR. KANOWITZ: Yes. I believe
6 that to be correct.

7 As to the second point on the term.

8 MR. HERTZFELD: Paul Hertzfeld
9 from the county attorney's office. The second
10 point is in response to the Office of the
11 Inspector General's question about the
12 extension of the contract beyond 2018. And
13 there was an extension at the end of 2018 that
14 went through 2019. I believe it was approved
15 by the legislature. Now again the contract is
16 being extended for an additional year.

17 Now, the original contract from
18 2014 had four single year extensions to it
19 which the county could exercise at its own
20 option. The last two extensions were not at
21 the sole option of the county because luckily
22 Family and Children's Association agreed to
23 them. They're having agreed to them and the
24 leg hopefully approving them the extensions
25 were perfectly lawful.

1 Rules 2-24-20

2 LEGISLATOR NICOLELLO: So then
3 it's your testimony that the contract was in
4 fact extended through 2019?

5 MR. HERTZFELD: That's my
6 understanding based on the documentation I've
7 seen that there was a one-year extension and
8 now there is an additional extension that it
9 was done on consent of the Family and
10 Children's Association. It wasn't as of
11 right. We didn't have a right to demand it
12 because those were only for the first four
13 years but it was agreed to.

14 LEGISLATOR NICOLELLO: I think
15 what she's asking though is -- I'll tell you
16 what she's asking. Is it correct that the
17 extensions should have been exhausted in
18 2018?

19 MR. HERTZFELD: It's correct that
20 the -- our right to demand renewals on the
21 same terms and conditions exhausted at the end
22 of 2018. But if parties agreed, which they
23 did, to extend them for two additional years
24 it's legally permissible.

25 The question is whether -- if

1 Rules 2-24-20

2 you're asking whether or not there should be a
3 new procurement at this point? I think that's
4 a different question. But that doesn't
5 really -- the question of whether these
6 extensions are legally permissible and
7 enforceable contracts the answer to that is
8 clearly yes.

9 LEGISLATOR NICOLELLO: I think
10 that answers that.

11 Lastly, the third point.

12 MR. HERTZFELD: As to the third
13 point, it is my basic understanding that it is
14 the services -- the payment is for the entire
15 program and not on a per child basis. That is
16 my best understanding.

17 LEGISLATOR NICOLELLO:
18 Specifically she asks whether we are paying
19 for 60 families but only servicing less than
20 30.

21 MR. KANOWITZ: Again, it's my
22 understanding it is the program. My
23 understanding is that as of through 2019, the
24 information that was provided to me, is that
25 24 families were serviced under this program.

1 Rules 2-24-20

2 But again, it is my understanding it is for
3 the entire program is the nature of the
4 contract and not per family.

5 LEGISLATOR ABRAHAMS: I'd just
6 like to follow-up. I apologize about having
7 you go back and forth to the podium. I
8 understand that the contract is for this
9 program. So I'm confused on where is the IG
10 getting the reference of 60 families? Is that
11 indicated in the contract?

12 MR. KANOWITZ: I believe that the
13 original contract indicates -- I want to make
14 sure I state this to you correctly -- it does
15 provide for 60 families in the original
16 contract going back to 2013. I believe that
17 to be the case.

18 LEGISLATOR ABRAHAMS: So the
19 original contract referenced the 60. That's
20 where she's coming up with that number?

21 MR. KANOWITZ: I believe so.

22 LEGISLATOR ABRAHAMS: When did it
23 morph from 60 families being concrete to a
24 program funded?

25 MR. KANOWITZ: Well, again, I

1 Rules 2-24-20

2 feel it's my understanding, I cannot fully
3 address that question. I think it's beyond my
4 particular knowledge. And it assumes a
5 certain -- that it wasn't always that you were
6 paying for the program in it's entirety and
7 not per family.

8 LEGISLATOR ABRAHAMS: Who would
9 be able to answer the question on whether or
10 not year to year how many families we have
11 servicing? If we're servicing 24 now in 2015
12 were we servicing 15?

13 MR. KANOWITZ: I would have to go
14 back and try to obtain an answer for you on
15 that. I don't have that knowledge.

16 LEGISLATOR NICOLELLO: Just to
17 clarify our understanding. Are we paying for
18 60 families to be serviced? Are we paying for
19 the service to be provided? And if it turns
20 out to be 60 that's good but it could be
21 less?

22 MS. HORST: Katy Horst from the
23 county executive's office. So, I spoke with
24 Jeff Reynolds earlier this evening. The
25 program funds the staff who runs -- the

1 Rules 2-24-20

2 funding, the money is used to fund the staff
3 to run the program. Last year I believe it
4 was about 24, 25 families that used the
5 program. They currently have 11 cases in
6 2020. They've got four family support
7 homemakers, one office manager, one supervisor
8 and a part time of another employee.

9 The program has a capacity of 20
10 cases per case worker at a time and they
11 currently have 11 cases open. We don't pay by
12 the case. We pay to fund the program for the
13 year.

14 I spoke with Brendan Roach from DSS
15 earlier today and he said about 90 percent of
16 their contracts are funded this way where we
17 fund the entire program for the year. And of
18 course we do reconciliation and we don't give
19 all the money upfront. But this is how most
20 of the DSS social programs are operated.

21 LEGISLATOR NICOLELLO: We fund
22 the program itself whether they wind up
23 helping 60 families or they help 30 families
24 or 20 families?

25 MS. HORST: And every year it

1 Rules 2-24-20

2 fluctuates. And we're happy to get the
3 numbers of how many families the program has
4 serviced over the life of the contract.

5 LEGISLATOR NICOLELLO: What's the
6 term of this contract?

7 MS. HORST: This is a one-year
8 extension. I believe DSS is looking to go out
9 for an RFP for the 2021 services.

10 LEGISLATOR NICOLELLO: All right.

11 LEGISLATOR SCHAEFER: I just have
12 a couple of quick questions. When you
13 mentioned reconciliation you're talking about
14 what? like taking a look at the program and
15 seeing if your needs are different the
16 following year?

17 MS. HORST: That the money that
18 we've provided is money they've spent.

19 LEGISLATOR SCHAEFER: Can you
20 tell me anything about Project Independence?
21 Anybody there?

22 MR. KANOWITZ: My understanding
23 is that that Project Independence is a totally
24 separate program and contract.

25 LEGISLATOR SCHAEFER: Is it

1 Rules 2-24-20

2 handled same way as this one?

3 MR. KANOWITZ: I would not be
4 able to fully respond to you on that, and I
5 would have to go back and seek further
6 information for you.

7 MS. HORST: We can get you like a
8 one pager on the program and how it works and
9 if it's similar.

10 LEGISLATOR SCHAEFER: Thank you.

11 LEGISLATOR NICOLELLO: I think we
12 are going to move ahead on this. I think I'm
13 in agreement with the Minority Leader. We
14 want to see an RFP for -- beyond this
15 extension we want to see something new.

16 Any other debate or discussion?
17 All in favor signify by saying aye. Those
18 opposed? Carries unanimously.

19 Motion to adjourn by Legislator
20 DeRiggi-Whitton. Seconded by Deputy Presiding
21 Officer Kopel. All those in favor of
22 adjourning signify by saying aye. We are
23 adjourned.

[describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- ☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

- ☐ D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. ☒ Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☒ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. ☐ Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: ☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

ANNUAL REPORT

Here for Long Island. Here for You.

Our Mission

FCA's mission is to protect and strengthen Long Island's most vulnerable children, families, seniors, and communities.

FCA believes in the potential of Long Island - a place where no child, senior, family or community is left to struggle alone with barriers to health care, education, employment or economic prosperity. Long Island continues to be one of the greatest places in the world to live and raise a family for many. FCA exists to ensure that be the case for all.

A LETTER FROM OUR CEO & BOARD OF DIRECTORS

FCA believes in the promise of Long Island - a place where no child, teen, senior citizen, family or community is left to struggle alone with barriers to health care, education, employment or economic security. Long Island remains a great place to live, work and raise a family; FCA works hard to ensure that be the case for all. While our organization's name and logo have evolved since our inception 135 years ago, the exemplary love, care and support we provide remains the same, as we carry out our mission to protect and strengthen Long Island's most vulnerable children, seniors, families, and communities.

We are especially proud that FCA constantly evolves, innovates and grows stronger with each passing year. You'll see that in 2018, we took on our region's most emergent challenges: the heroin/opioid crisis; gang-related violence; and significant growth in our region's senior population. Over the course of the next year we'll re-double those efforts, working harder and smarter than ever before, changing lives in ways some never believed possible and keeping a promise that dates back to 1884.

NEW PROGRAMS ADDED IN 2018

Community Credible Messengers Initiative

Provides at-risk youth, ages 14-18 years old, who have been in detention or placement and discharged home to their communities with career readiness assessments, planning, vocational training and internships enabling them to acquire the skills they need to successfully re-enter the community and avoid gang life.

Family First

Smart Observant Seniors

Provides outreach, education and supportive counseling to prevent and remediate the negative impact of financial fraud, scams and elder abuse including financial exploitation.

Step Up 2 Opportunity

This NYS Department of Labor-supported initiative allows us to help young people from at-risk communities acquire skills/abilities they need to find and maintain competitive employment.

Open Access

A bi-county initiative, Open Access LI addresses the needs of individuals seeking help with substance use disorder by offering extended hours for treatment support throughout crisis response, screening, brief intervention and referrals to extended treatment. FCA's Open Access center is co-located within our Hicksville Family Treatment & Recovery Center, providing a continuum of services and care.

SHERPA Program

A collaborative initiative that brings peer and family advocates on-site into local hospitals to meet with individuals who have entered through the Emergency Room as a result of substance use. Our trained advocates engage with individuals on a peer level, helping them navigate available resources, treatment and support services.

Hempstead Ladders to Success

Through tutoring, test preparation and college readiness support services, Hempstead Ladders to Success prepares Hempstead high school students to attain the placement test scores they need to avoid remedial classes and immediately access credit-bearing classes at Nassau Community College.

CELEBRATING 154 YEARS OF HELPING PEOPLE OVERCOME ADDICTION

For 154 years, FCA has provided help and hope to our neighbors in need. In 2018, after identifying emerging concerns in the region, we responded with new programs designed specifically to improve the social health of our communities. Together with the help of dedicated supporters, we are making Long Island a better place to live, work and raise a family.

THRIVE Everywhere

THRIVE Everywhere will be launched to expand services beyond our brick-and-mortar buildings in Hauppauge and Westbury. It will bring all of THRIVE's recovery support resources to people living on Long Island, wherever they may be. THRIVE Everywhere will represent a vibrant, interconnected system of individuals, families and professionals who support people in recovery.

On the Winding Path to Recovery, FCA Provides Continuing Care

The first time Jody used heroin, she just wanted to fit in, be liked, have friends. She was only 12 years old. That heroin high made everything around her better. She felt seen and heard in a way she had never felt before. She kept using and soon she was hooked.

Life at home went from light to dark. When confronted by her mom and stepfather, she vowed to stop using drugs, but her body craved heroin. The hopes and dreams her parents had for their girl seemed to fly out the window. By the age of 17, Jody had been in and out of seven different treatment programs.

The day she overdosed and landed in the ER, her parents had no idea where to turn. They had come to her rescue so many times. What Jody's mom later realized is that she was creating, time and time again, soft landings for her daughter. After all, no one wants to believe their child is an addict. That particular day in the ER, an advocate from FCA's SHERPA program – someone who understood personally the challenges of substance use disorder – offered assistance. The family was connected to resources, including the THRIVE Recovery Center.

At THRIVE, Jody learned about Peer Recovery Coaching. She decided it couldn't hurt to talk to a peer. When she met her peer – a young woman who had struggled with a substance use disorder and knew what it was like to struggle with recovery – Jody felt accepted for the first time in years. There were no judgments. Her peer understood the power of that first high, along with the destruction it caused. She could relate to how Jody felt lost, confused and ashamed for all the trouble she had caused at home. With peer support, Jody began working toward a goal of continuous sobriety.

FCA's Open Access Program – operated through our Hicksville Family Treatment and Recovery Center offers a continuum of service to all families throughout Long Island. In 2019, we will be open 24 hours, seven days a week, so that young people like Jody, and all Long Islanders, can receive help anytime, day or night.

"Jody felt accepted for the first time in years. There were no judgments. Her peer understood the power of that first high, along with the destruction it caused. She could relate to how Jody felt lost, confused and ashamed for all the trouble she had caused at home."

CHILDREN'S MENTAL HEALTH

Every Step of the Way, FCA Provides Unwavering Support to Parents and Children

Family Center

As parents know, raising children can be stressful, even with abundant support. Parents of children with developmental and mental health challenges deal with strain of a different magnitude. Overwhelmed, they may feel cut off from support and empathy.

Through our Family Center in Nassau or Suffolk, parents find a world of unwavering support, with programs designed to bolster resiliency. Like an interlocking puzzle, we connect families and children to services that meet the needs of each situation.

In the following story, our myriad programs provided the necessary links to help a grandfather get support for his granddaughter. From Family Center to Children's Care Coordination to Residential Care, our staff members provided the utmost in care for Karennia. When she came to Lakeview House – a community residence program that provides a therapeutic environment for adolescents with serious emotional disturbances – it helped her change her life.

"Children's Home & Community-Based Services (HCBS) conducted 5,281 face-to-face visits with families of children with a serious emotional disturbance, reducing the likelihood of residential placement or hospitalization."

Here is Karennia's story:

When Karennia was born, her mother was unable to care for her, so her maternal grandfather stepped in and raised her. Much as he tried to provide a stable home environment, it was challenging to raise Karennia on his own. As she grew older, she began leaving home unannounced. Concerned for her safety, her grandfather reached out to FCA's Family Center for help.

A Family Peer Advocate offered Karennia's grandfather guidance, assuring him that everyone wanted the best for her. After a diagnostic evaluation, it was determined that Karennia would benefit from residential placement.

When our Care Coordination team stepped in, they heard Karennia loud and clear. She had a deep yearning for family. In her own words, she told us she wanted to be "a normal teenager."

In the summer of 2018, Karennia came to Lakeview House. There she began meeting people and adjusting to house rules and a structure. Not that it was easy. She was overwhelmed by feelings of anxiety and uncertainty. As Karennia's independent living skills developed, she became more confident and self-reliant. Soon she was taking public transportation on her own. She found a job, opened a bank account and saved money. Karennia began excelling at school and even joined track and field.

In December 2018, Karennia received great news: The Department of Social Services had found her a foster mother. The two began getting to know one another, starting with day passes to overnight stays and then entire weekends. After spending Thanksgiving together, Karennia had a feeling of belonging she had never before experienced. Best of all, right before Christmas, Karennia was permanently placed with her new family.

In 2018, Family Center began using **Family Peer Advocates at Lakeview House**. Because these advocates have personal experience raising a child with behavioral and/or emotional difficulties they are able to offer unique empathy and support to parents, who long for nurturing and support from others who understand their situation.

"I finally have a place to call home," said Karennia, who continues to be a part of FCA's Care Coordination services.

FAMILY EDUCATION AND SUPPORT

Compassion Is the Cornerstone of Project Independence

Project Independence - Nassau/Suffolk

The numbers are stark reminders of reality.

Of young people who age out of the foster care system without proper support, how many will become homeless? One in five. Within two years of leaving foster care, how many will become involved in the justice system? One in four. Of those who age out, how many will not finish high school? 40%. Of all the homeless people in the United States, how many were formerly in foster care? More than 30%.

Another concerning statistic: Almost half of all children in the child welfare system live in foster homes with non-relatives.

One thing we know for certain: Early support – while families are forming relationships – is especially key to curbing disruptions in placement.

FCA's Project Independence provides compassionate care to young people who are in or have been discharged from foster care. We currently work with 153 individuals between the ages of 14 and 21, guiding them in taking steps toward a brighter future. Our goal is to help them live productively and independently in the community, when they are no longer eligible for foster care.

Here's a remarkable fact:

In 2018, our youth had a 91% benchmark of working towards goals of secondary education or vocational planning.

FCA's Afterschool Learning Center held 157 workshops in 2018. Over the year, more than 1,000 youth participated.

When Acting Out Is a Cry for Help, We Respond

Detention Diversion

Every year across this country, two million children and young adults formally come into contact with the law. What many fail to understand is that nearly 70% of these young people have at least one diagnosable mental health condition. Between 20 and 25% have serious emotional issues.

For them, the juvenile justice system will forever be carved into the bedrock of their lives - unless someone intervenes.

At FCA, we believe in the power of early intervention. Through our Detention Diversion program, we work with youth ages 7-16 who enter Nassau County's juvenile justice system. While each person has committed an act of delinquency, each has a different story and unique perspective. We strive to guide each individual toward a better path, helping divert young people from further penetration into the juvenile justice system..

By steering individuals and families in the direction of services to help with mental health issues, substance abuse and educational advocacy, we aim to prevent a permanent stain on a hopeful future.

A College Scholarship Turns a Fragile Dream into Opportunity

Scholarship Highlights

For many at-risk youth, college seems like an impossible dream. Yet, the pursuit of higher education can open doors to extraordinary achievement. For more than three decades, the FCA Scholarship Fund has been the gateway to advanced learning. Our scholarship winners enter college, ready to achieve what they once considered impossible

PLU RISKY TO GET

FCA provided Detention Diversion services to 106 youth and their families. 91% of these youth avoided subsequent criminal justice system involvement.

100K

In 2018, FCA helped 53 Students on the path to academic success by matching them with donors who provided a total of \$100,000 in scholarship funds.

"I received my FCA scholarship during my freshman year, and I am completely grateful. I was able to buy the books that were necessary for my classes, and it gave my family and me a great sense of relief. I am forever grateful to FCA."

Scholarship Recipient,

RESIDENTIAL CARE

For Runaway and Homeless Youth, Our Care Is Continuous

Parks, railroad stations, vacant lots. These are places teens who run away from home tend to congregate. Many become homeless, living in tent cities, after fleeing violent situations at home. In survival mode, some fall victim to exploitation and trafficking, exchanging sex for money, food, drugs or shelter. Others turn to gangs for a sense of belonging and safety.

In a first step toward hope, the individual on the run talks to a friendly 20-something peer, from **FCA's Street Outreach** team. They learn about **Nassau Haven, FCA's Emergency Youth Shelter**. When they enter the doors, they see this is no regular shelter.

Nassau Haven is akin to a home environment - but there's structure and there are rules. Kids have to get up and go to school every day. They have regular meals together, play board games, talk out their feelings. And there are counselors and case managers and peer navigators there, day and night.

The story of each young person is unique. They range from 10 to 22 in age. Some were kicked out of the house after disclosing their sexual orientation. Many experienced unrelenting physical abuse, violence and poverty. Some arrive with only the clothes on their back. Others lug garbage bags filled with their possessions, saying they are never going home again.

FCA's goal is to understand the needs and reunite families, if possible, and secure long-term safe housing.

When an individual leaves Nassau Haven, the care doesn't stop. As one counselor said about After Care, "Once our kid, always our kid." Counselors follow up and keep checking to see how the kids are doing. FCA is never far away.

For ages 16 to 23, when there's no way to return home, there's **Walkabout Transitional Home for Young Men and Women**.

Walkabout focuses both on the practical side - job interviews, resumes, creating a budget - and on the future. There are part-time jobs to juggle with homework. There's a plan to save money. There's homework and maybe college applications. There's talk of the future. Perhaps there are applications for college. And when a person is ready to leave, our peers stay in touch, prepared to coach them through life's challenges. Most graduates from Walkabout will return for many visits - after all, Walkabout may be the family they never had, and it's always good to have a place to call home.

591 Youths Helped

The risk for runaway, homeless, foster care youth runs high - these young people are more likely than their peers to drop out of school, misuse drugs and alcohol, become victims of sex trafficking and experience extreme hardships as adults. In 2018, we helped **591** of these vulnerable young people prepare for independent living.

Gina Finds the Courage to Leave Home, Then Blossoms Into a Young Adult

The only child of a single parent, Gina was struggling at home in the face of physical and emotional abuse. When her mother was arrested, Gina found the courage to leave. She sought emergency shelter at Nassau Haven. From there, she entered the Walkabout Transitional Home for Young Men and Women program.

A senior in high school, classified as special education, no one had ever talked with Gina about future goals. College wasn't even on her radar. Yet, our counselors saw her potential. During Gina's two-year stay at Walkabout, she embraced every new opportunity.

Exceeding her wildest dreams, she finished high school and received a full tuition-paid scholarship to Mercy College. It happened with help from Walkabout's career counselor . . . and lots of persistence. There were many firsts along the way: Getting a job at McDonald's, saving \$16,000 and taking her first subway ride to New York City to attend her first college class.

Today, Gina is in her second year of college. She rents an apartment in Queens and continues to work and save her money. The Walkabout counselors and residents always look forward her visits. Gina wouldn't have it any other way. her, Walkabout is family.

In 2018, we housed 137 youth and provided outreach and after care to 279 young people.

"Living at Walkabout I learned how to live independently so that I could have a successful future. I worked a part-time job while finishing high school and was able to maintain my place on the honor roll. It allowed me the opportunity to work on becoming responsible and get into college."

Walkabout Participant

"I truly believe that if this young lady never came to Walkabout and was unable to escape the abuse she was experiencing at home - her life would have taken a very, very bad turn. Because of Walkabout she was shown the right direction to take and she followed that path to success. We are all so proud of her at Walkabout. she is one of our shining stars."

SENIOR & ADULT SERVICES

When Seniors Suffer, FCA Steps in to Remedy the Situation

Financial Exploitation Assistance

They live alone. They rely on others for care. Their once-thriving social relationships may have dwindled as friends have passed away and family members visit less often. The most vulnerable are in their 80s. In a frightful turn of events, these seniors become easy targets for financial exploitation and elder abuse. On Long Island, it is estimated that 80,000 seniors have become such victims.

The consequences can be devastating

Our Senior & Adult Services Team visits clients in their own homes, responding to the specific needs and preferences of each person. Whether a senior wants financial assistance, guidance or advocacy to help resolve debt, mortgage or tax crises, our seasoned case managers offer confidential case management services with utmost care and respect.

When Vera called FCA for help, she had no idea the level of fraud that was happening under her own roof Vera, 85, feared that she was running out of money. She began envisioning the day when she wouldn't be able to pay her living expenses. She was frantic for help and didn't know whom to trust.

When FCA entered the picture, our case manager helped Vera understand FCA's genuine commitment to helping seniors. Then, our team of financial counselors took a careful assessment of Vera's financial situation. Just as it had taken years for Vera to become tangled in a web of fraud, it took a concerted effort over many months for FCA's team to solve a level of fraud that was threatening to drain Vera of her savings.

Our financial experts uncovered a minefield of deception. Vera's estranged daughter had stolen her mother's credit card, resulting in \$5,000 in fraudulent charges. FCA was able to get the charges reversed. There was a Veteran's benefit compensation that Vera wasn't receiving. FCA sorted it out. Furthermore, Vera had written checks in the amount of \$800 to a health care aide which had been fraudulently changed to \$8,000. Step-by-step, our Senior & Adult Services Team got to the root of each situation and restored Vera's finances.

Today, Vera uses our Bill Payer Services for help managing her bills and also welcomes the fellowship provided through our Friendly Visitors program. When Vera opens the door to her home, she now radiates the confidence and ease of a senior who has her finances in order.

794 Seniors Helped

Senior Financial Services provided 794 seniors with financial assistance, guidance and advocacy to help resolve debt, mortgage and tax crises.

FCA's Senior Financial Program has reached 2,838 people through outreach. Of clients who received FCA financial counseling, 99% reported feeling less stress related to their finances and 99% reported an improvement in their overall financial needs.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Re: Family & Children's Association-Family Support/Homemaker Services (2020 Renewal)

Dear Michael Kanowitz:

Please allow this letter to serve as a response to the Nassau County correspondence received on Nov. 1, 2019 regarding the above mentioned assignment of CSEA Unit work to persons not in the CSEA Unit.

Your notification of intent to subcontract fails to offer sufficient detail of the "County's needs" pursuant to Section 32-3 of the CSEA/County C.B.A.

Notwithstanding the lack of sufficient detail provided by the County regarding said proposed subcontract and pursuant to Section 32-3(h) of the C.B.A., CSEA proposes as an "alternative to satisfy the County's needs", that current or anticipated County employees (who are or would be CSEA bargaining unit members), perform the duties requested in the proposed subcontract. Pursuant to Section 32-3, the County is required to provide notice to CSEA of its needs and in order to propose alternatives we need the following information: Proposed vendor; cost analysis for CSEA members to perform said duties for contracted service, anticipated start date and specific good faith efforts made to avoid the unnecessary assignment of CSEA unit work to said subcontractor.

Further, due to the fact that Class Specifications of the Nassau County Civil Service allow for civil servants and therefore *CSEA Bargaining Unit Employees* to perform said proposed tasks, it is only logical and in "Good Faith" that County employees be allowed to "satisfy the County's needs", thereby avoiding "the unnecessary assignment of CSEA unit work to persons not in the CSEA Unit", (section 32-1 of the C.B.A.).

Our contention, as always, is that this our work and we refuse to accept a lack of staffing as a reason for subcontracting.

Finally, pursuant to Section 32-3, I am ready, willing and able to meet with you at your earliest convenience to meet and confer with respect to CSEA's proposals.

Please immediately advise as to your availability.

Thank you for your anticipated cooperation. If you have any questions, please feel free to contact me.

Very Truly Yours,

The following areas will serve as indicators:

- (1) A client feedback instrument will be distributed in the Spring and Fall of each year to every client in the program. A copy of such instrument shall be provided to the Contractor by Department;
- (2) As the program strives to provide timely interventions for families requesting service, it is important that initial contact with the family be established in as short a period of time as possible after referral. (3) With information derived from the monthly progress reports, project directors keep a "sub-report" listing on a monthly basis of the number of face-to-face contacts program staff has with each client/family. n) The Contractor shall notify the Department of all changes in its staff who are providing Services under this Agreement. This notification shall include, without limitation, changes to the Contractor's executives, directors and supervisors.

Each encumbrance is subject to all requisite County and other governmental approvals and the availability of funds. The Contractor will be notified when the Year 2014 Encumbrance is available.

(iv) The Contractor shall deduct the Year 2013 Advance and Year 2014 Advance in equal installments from the claims submitted for payment during the last four (4) months of the respective years of each advance. If the amount of any said claims is less than the amount of the advance to be deducted from said claim, the Contractor shall submit with its claim a check payable to the County for the difference between the claim and the amount of the advance to be recovered from said claim.

(b) Vouchers: Voucher Review, Approval and Audit. (a) individual or group face-to-face counseling sessions between the case planner and the child and/or the child's parents or guardians in receipt of preventive services for the purpose of guiding the

child and/or the child's parents or guardians towards a course of action agreed to by the child and/or the child's parents or guardians as the best method of attaining personal objectives or resolving problems or needs of a social, emotional, developmental, or economic nature;

(b) Individual or group activities with the child and/or the child's parents that are planned for the purposes of achieving such course of action as specified in the child and family's service plan. In addition, casework contact is not defined as merely a casual visit with or an observation of a child or family. A casework contact is intended to be part of a working session with a purpose related to the service needs of the child and his or her family. Casework contacts should occur whenever the case planner judges they will best serve the child or family. Efforts to make casework contacts must be diligent and in good faith. Casework contacts must be documented in progress notes within five (5) business days or two (2) days of case opening in Connections and must be summarized in the appropriate required forms of the uniform case record. The location and reason for the contact along with the outcome of the contact must be fully described. Proper documentation is required to substantiate failed contracts. Diligent effort properly documented will be counted toward the requirement for compliance.

There must be at least twelve (12) casework contacts with a child and/or family within each six (6) month service period. Because this is a minimum requirement, there are no exceptions to the total of twelve (12) casework contacts in six months. The basic purpose of the casework contacts requirement is to insure that the case planner has ample opportunity to make an adequate assessment of factors that led to the provision of preventive services. A least one monthly contact must be in the client's home.

Other contacts may be necessary to meet the goals of the service plan. The expectation is that the minimum will usually be exceeded. At two monthly casework contacts must be made by the case planner, consisting of individual face-to-face meetings with the child and/or the child's family, in the client's home. No more than two of the remaining six month period may be made by supportive service providers.

In certain cases, the Department may request a more intensive intervention in crisis situations that can involve a minimum of four (4) casework contacts per month, or twenty-four (24) casework contacts within each six (6) month service period, as well as enhanced services to the client.

(vi) Clinical Services is defined as assessment, diagnosis, testing, psychotherapy, and specialized therapies provided by a person who is a Licensed Certified Social Worker, a licensed psychologist, a licensed psychiatrist, or other licensed therapist in human services. Such service shall be separate and distinct from casework contacts as defined above.

(vii) Day Care Services as defined in the Consolidated Services Plan of the New York State Office of Children & Family Services prepared pursuant to Section 34-a of the Social Services Law.

(viii) Day Services to Children as defined in 18 NYCRR Section 425.1 shall mean a program offering a combination of services including at least social services, psychiatric, psychological, education and/or vocational services and health supervision and also including, as appropriate, recreational and transportation services for at least three, but less than twenty-four (24) hours a day, and at least four (4) days per week, excluding holidays. If it can be demonstrated that one (1) or more of these services are not needed by the population served, that service may be waived.

(ix) Emergency Cash or Goods is defined as money or the equivalent thereto, food, clothing, or other essential items that are provided to a child and his family in an emergency or acute problem situation in order to avert foster care placement.

(x) Emergency Shelter is defined as providing or arranging for shelter where a child and his family who are in an emergency, or acute problem situation, reside in a site other than their own home in order to avert foster care placement.

(xi) Family shall be defined solely for the purpose of this Agreement as the child who is at risk of foster care, his parents, or legal guardians, or other caretakers and siblings. Family may include a woman who is pregnant as specified in 18 NYCRR Section 430.9(c)(5). Family may also include a child who does not live with his parents and needs services to prevent return to foster care.

(xii) Family Planning Services as defined in the Consolidated Services Plan of the New York Office of Children & Family Services prepared pursuant to Section 34-a of the Social Service Law.

(xiii) Home Management Services as defined in the Consolidated Services Plan of the New York Office of Children & Family Services prepared pursuant to Section 34-a of the Social Services Law.

(xvii) Parent Training is defined as group instruction in parent skills development and developmental needs of the child and adolescent for the purpose of strengthening parental functioning and parent/child relationships in order to avert a disruption in family or help a child in foster care return home sooner than otherwise possible. Parent training may include child-parent interaction groups formed to enhance relationship and communication skills.

(xviii) Transportation Services is defined as providing or arranging for transportation of the child and/or family to and/or from services arranged as part of the child's service plan except that transportation may not be provided as preventive service for visitation of children in foster care with their parents and may only be provided if such transportation cannot be arranged or provided by the child's family.

The program is comprised of two major components, an intensive **Infant Mental Health (IMH) Assessment and Intensive Infant Mental Health Treatment**. The Contractor will have no direct or indirect administration or supervisory responsibility with respect to the IP Visit Project.

Service Population: Infants and toddlers, ages 0 to 4 years, and their parents, involved in the public child welfare system, where children have experienced abuse, maltreatment or other trauma, and are at risk of out of home placement, .

Number of Families to be Served: Up to forty (40) families and their children will be served during the project term.

Project Budget: \$120,000.00 (up to 40 dyadic assessments of parent and child at \$3,000.00. Each additional child or adult as needed \$500 per person)

Referral Criteria: All 0-4 year olds and their parents in the Right Start for Babies Initiative who will be referred to the VISIT Project for IMH assessment and potential IMH treatment must meet the following criteria:

1. Subject to an open Services case with a permanency planning goal of return to parent
2. Cases involve infants and toddlers, ages 0 to 4 years, and their parent(s)- biologic and foster, where children are at substantial risk of out of home placement
3. Infants and toddlers, ages 0 to 4 years, have experienced trauma and are at substantial risk of negative mental health outcomes
4. Service is court ordered or DSS referred

Project Description: The program is comprised of two major components, an Intensive Infant Mental Health (IMH) Assessment and an Intensive Infant Mental Health Treatment.

Infant Mental Health Assessment

The purpose of the IMH assessment of the parent-infant/toddler and their significant caregiver is to provide child welfare and the court with the information and/or recommendations regarding the most effective case plan and the potential for reunification and whether the VISIT Project and other services may achieve the goal.

The comprehensive IMH assessment involves a thorough developmental and behavioral assessment of the infant/toddler, including observations of the infant/toddler with the foster parent, biological parent, child care providers and siblings, the use of assessment tools, assessment of the parent's capacities to nurture this infant/toddler, a functional description of interactions between the infant/toddler and the parent, and an examination of the extent to which the pair has or will have the capacity for developing a relationship that will promote the infant/toddler's healthy development. The IMH assessment provides information to child welfare and the court to inform case planning, permanency planning, assess the possibility of reunification, and assess the benefit of further IMH treatment.

A typical assessment is comprised of approximately fifteen (15) hours of face to face contact with the birth parent and infant/toddler and all of his/her "special and significant" relationships, such as foster parent, or grandmother, for example, in order to characterize each of the child's relationships with their caregivers. In the event that a biological parent is not available for this assessment due to unusual circumstances such as death, hospitalization or incarceration, the infant/toddler will still be thoroughly assessed within the context of the relationship with the foster parent and other significant relationships. The assessment includes home and clinic based observations, standardized procedures and naturalistic observations, structured and unstructured interviews and self-report measures. The assessment examines a parent's stress level, potential depressive symptomology, past childhood

experiences, personal and community supports, the children's behavior and temperament and trauma symptoms. Parents' interactions with their infants/toddlers as well as their representations of their relationship are also assessed. Parents are asked to spend time playing with their child using both structured and unstructured observational measures. They are videotaped so that they can later be looked at to understand the interactions through video feedback sessions with parents. A thorough assessment is performed for treatment planning purposes.

Infant Mental Health Treatment

The IMH Treatment component involves implementation of a case plan specific to each family. The recommendation defines explicit treatment goals. The IMH clinician works with the family and provides dyadic (parent-child) therapeutic supervised visitation two (2) times a week until permanency is achieved for the infant/toddler either through reunification or adoption. The therapeutic visitation is the vehicle for IMH Treatment. The therapeutic supervised visitation between the parent and child is intended to heal very young children who have been abused, neglected and/or traumatized. Some key components to the intervention are developmental guidance, providing corrective attachment experiences for parents and children, child-parent psychotherapy, which helps parents reflect upon their own attachment history and its impact on their responses to their children and interaction guidance with video feedback. The IMH clinician will also provide case management and assist parents with navigating the challenges in everyday living that may interfere with their ability to parent. They will provide case coordination, and follow-up, attend monthly review meetings and facilitate access to other aspects of the service plan in concert with the child welfare case worker.(i.e. early intervention or medical, psychiatric referrals) The Evidenced Based approach to treatment that will be used is called Child-Parent Psychotherapy (CPP).

CPP is based on attachment theory and combines and integrates principles from multiple theories (developmental, trauma, social-learning, psychodynamic and cognitive-behavioral) to help parents and their children recover from maltreatment. CPP is a dyadic, relationship-based treatment for parents and young children that help to restore normal developmental functioning by focusing on repairing the attachment relationships that are negatively affected by variety of types of abuse and neglect. The goal is to establish a sense of safety and trust within the parent-child relationship and address the co-constructed meaning of the maltreatment shared by the parent and child. Sessions focus on parent-child interactions to support and foster healthy coping, affect regulation, and increased appropriate reciprocity between parent and child. Parent guidance on child development, behavioral management, as well as crisis intervention and case management are provided as needed in an unstructured way.

The assessment continues throughout their participation in the program for each family that participates in The VISIT Project in order to monitor progress and update case plans and again after permanency is attained to evaluate if goals have successfully been reached and to plan for necessary supportive services to assure their continued success if needed.

Review Meetings: Review meetings are held monthly with the parties involved with the case/service plan to review and assess progress, eliminate barriers, and when appropriate request modifications from the judge. Attendees to this meeting are called **Parent/Infant-Toddler Teams**.

Reporting: IMH clinicians provide to DSS and the court detailed reports describing the strengths and challenges of parents and children and their relationship, as well as recommendations, for relevant parties, including attorneys and judges with regards to the scope of services needed to address the trauma and developmental needs of each 0-4 year old i.e., emotional, psychological, cognitive, language relational etc as well as the range of service needs of the parent (s), such as trauma, substance use, emotional, cognitive, parenting capacity.

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a

collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at

any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes

- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements.
