**EMERGENCY DECLARATION AND PURCHASE**

**WHEREAS**, the Commissioner of Public Works, Department of Public Works (the "Department") for the County of Nassau, New York has recommended that, due to an emergency condition at the Long Beach Bridge that was discovered after a New York State Department of Transportation safety inspection that resulted in the issuance of a "red flag notice" that identifies a dangerous public safety condition at the Long Beach Bridge and necessitates that the County Executive immediately execute the Pratt Brothers, Inc. general requirements contract known as H66302W ("Contract") in order to remediate the emergency condition.

**NOW THEREFORE**, I, **Laura Curran, County Executive** of the County of Nassau, do hereby declare that the emergency condition at the Long Beach Bridge constitutes an emergency under Section 2206 of the Nassau County Charter that necessitates the immediate execution of the Contract to the extent necessary to remediate the emergency.

**COUNTY OF NASSAU

Inter-Departmental Memo**

**TO:** Laura Curran  
County Executive

**FROM:** Department of Public Works

**DATE:** July 9, 2020

**SUBJECT:** Emergency Condition due to Notice of Red Flags by NYSDOT  
Long Beach Bridge over Reynolds Channel, BIN # 3300301(Southbound)

During inspection on June 4<sup>th</sup>, 2020 by New York State Department of Transportation (NYSDOT), a Red Flag condition was discovered at the subject bridge. A written follow-up notice to the Department was delivered on June 8th concerning the details of the conditions that caused the Red Flag. Nassau County being the owner of the Bridge, is responsible for taking corrective action to assure public safety. In summary, the flag condition is associated with significant corrosion holes in two steel structural members. This has caused major section loss and load bearing capacity of the components.

NYSDOT defines a Red Flag condition as one which reports the actual or imminent risk of failure of a major structural component of a bridge and requires prompt or short-term corrective or protective action to assure safety. The Department immediately initiated further inspection of the span by an On-Call consultant to check the condition of other adjoining and adjacent primary components and prepare repair plans accordingly. These corrective plans are ready to address the red flags. A written reply is required by July 20, 2020 stating what action is being taken concerning the Red Flagged Conditions in order to assure Public Safety. In that response the NYSDOT requires actions to be taken or be underway.

The Department requests your authorization to proceed with emergency contracts to address this emergency condition affecting the bridge, and the safety of the public that utilizing the bridge.

COUNTY OF NASSAU  
DEPARTMENT OF PUBLIC WORKS  
Inter-Departmental Memo

**TO:** Kenneth G. Arnold, Commissioner

**FROM:** Rakhal Maitra, Deputy Commissioner

**DATE:** February 28, 2020

**SUBJECT:** Low Participation for Requirements Contract  
2020 General Requirement Contract  
Bid Contract No. H66302W

2020 General Requirements Contract for Various Civil/Site Reconstruction, Highways, Drainage, Bridges, Site and Parking Lot Related Specialized Items, was advertised in Newsday, New York State Contract Reporter (NYSCR) and eProcure on January 15, 2020, with the bid opening on February 18, 2020.

Thirty-Seven (37) vendors viewed the solicitation on eProcure. Seven (7) vendors purchased the Contract Documents and two (2) bids were received.

Upon investigating the low participation via inquiry, it has been determined that the general response has been consistent. The general claim is that the contract was released after the contractors had made other commitments and could not dedicate their efforts to the work.

The following are the questions from the Low Vendor Participation memo from DCE John Chiara, with responses.

1. Review the specification to ensure that it is not unduly restrictive so as to limit competition. Is any component of the solicitation so restrictive that only one (1) or a small number of vendors is capable of responding to the solicitation? If so, were those vendors notified of the solicitation? **Response: The bid was not restrictive, however, there is a limited pool of qualified construction firms that have appropriate staff, experience and resources to maintain the level of labor, materials and equipment necessary to meet the requirements of the contract**
2. Was the solicitation advertised and posted on the County website as required? **Response: Yes.**
3. Was the solicitation advertised and posted on the County website as required? **Response: The bid was advertised in NYSCR, Newsday, and in the County Solicitation Board.**
4. Was the NIGP commodity code used to conduct the solicitation appropriate? Were appropriate vendors registered with the County for that commodity code or otherwise notified? **Response: The correct commodity codes were utilized in e-procure. Accordingly, the vendors registered for that commodity code received an automatic notification.**

5. Is the market for the specified goods or services structurally limited (i.e. are there geographic, capital, vendor capacity, service schedule, or other requirements) such that the greater vendor participation is not possible? **Response: No.**
6. Survey vendors that received notice of the solicitation but did not respond to determine why the vendor chose not to do so. Typical responses include but are not limited to:
  - a. The vendor did not see the advertisement. **Response: Thirty- Seven (37) vendors were notified on e-procure, Seven (7) vendors picked up the bid package.**
  - b. The vendor does not offer the specified goods/services as a follow-up, ask if the specification is too specific to a competitor's product (is the specification "brand- specific" or written to one manufacturer's or service provider's offering?). **Response: The work specification was not too specific so as to restrict participation.**
  - c. The vendor is too busy with other work at this time. **Response: All the additional vendors that were contacted stated they were too busy to bid on the work. Please find the attached.**
  - d. The vendor is not interested in pursuing a County contract at this time-as a follow-up, as to why this is the case. **Response: All Vendors cited a concern about the amount of work they had at the time of the contract offering.**

## Vendor Code of Ethics

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

### **Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY**

#### **Section 2.01 Designated Point(s) of Contact**

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

### **Chapter 3: GIFTS OR CONTINGENT FEES**

#### **Section 3.01 Zero Tolerance**

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

#### **Section 3.02 Personal Relationships**

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

## Vendor Code of Ethics

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

### Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

## Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

### Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

## Vendor Code of Ethics

procurement should be directed to the Designated Point of Contact for the procurement.

### Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii) 30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

## Chapter 5: CONFLICT OF INTEREST

### Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

### Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

## Vendor Code of Ethics

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

### **Section 5.03 Disclosure and Cooperation**

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

### **Section 5.04 Confidential Information**

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

## Vendor Code of Ethics

### **Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development**

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

## **Chapter 6: FORMER NASSAU COUNTY EMPLOYEES**

### **Section 6.01 Appearance Before Former Agency-Two Year Bar**

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

### **Section 6.02 Appearance Before Former Agency-Life Time Bar**

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

## Vendor Code of Ethics

### Chapter 7: NON-COLLUSION

#### Section 7.01 Independent Bid Assessment

## Vendor Code of Ethics
