Re: Pending litigation by Town of Huntington

Louis K. McLean Associate Engineers & Surveyors, P.C. (LKMA) in response to the Department's request, provided the attached letter regarding a lawsuit commenced by the Town of Huntington against LKMA alleging breach of contract in designing a dock complex for the Town. The letter was provided subsequent to a meeting with the Department. The letter explains LKMA's position regarding the allegations in the Town's complaint.

At the meeting with the Department, LKMA explained that, despite the lawsuit, the Town of Huntington continues to award contracts to LKMA. Additionally, LKMA has provided numerous positive reference letters from municipal clients for whom the firm has designed docks, marinas and/or bulkheads. The volume of positive references far outweighs one allegation of poor work. Finally, LKMA has consistently performed quality work for the County on numerous projects.

Re: Louis K. McLean Associates Engineers & Surveyors, P.C.
LBCC File No. 3630-103257

Dear Ms. Houdek:

We represent Louis K. McLean Engineers & Surveyors, P.C. ("LKMA") in a recent lawsuit commenced by the Town of Huntington (the "Town") involving the design of the Woodbine Marina (the "Marina") in Northport, New York (the "lawsuit"). Pursuant to your request, this letter shall provide you with the background facts and circumstances involving the lawsuit. Please note that this letter is for the Nassau County Department of Public Works only and shall not be publically disseminated, nor is it intended to be used for the purposes of the lawsuit.

LKMA was retained by the Town pursuant to a written agreement in August, 2011 to provide professional design services for the reconstruction of the Marina. LKMA prepared its final design after several design changes were made at the direction of the Town Engineering Department. The final design, including the Town's directed changes, was approved by the Town Engineering Department.

According to the Town, in approximately 2016 or prior, the Marina sustained damage as a result of several winter storms. In an effort to assist the Town in addressing the damage sustained, LKMA provided additional design services at no cost which included the installation of wave screens at the entrances to the slips at the Marina. Thereafter, in December 2017, the Town sought additional input from LKMA regarding various options to protect the Marina including the installation of wave attenuators, wave screens and even a new fishing pier with gazebo. Despite receiving comment from LKMA at that time, the Town took no affirmative steps to implement any of those proposals. Since that time, it is alleged that the Marina has sustained further damage as a result of additional winter storms.

In March, 2019, the Town filed a Summons with Notice commencing a lawsuit against both LKMA and the dock manufacturer, Bellingham Marine. Upon learning of the filing of the lawsuit, even before being served, we reached out to the Town, on behalf of LKMA, to request a

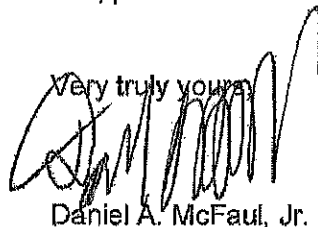

meeting with the Town. The purpose of the meeting was to address the Town's concerns, educate the Town as to the development of LKMA's design (since the allegations in the lawsuit suggest that the Town forgot or was unaware of how the design came to fruition) and to reemphasize LKMA's continued willingness to work with the Town to resolve the issue. Following the meeting, we spoke to counsel for the Town and, once again, reiterated that LKMA was willing to continue to work toward a resolution, to which the Town's counsel was receptive.

Approximately 120 days after the Summons with Notice was filed, the Town served the Summons with Notice upon LKMA as statutorily required. In response, we served a Demand for the Complaint and the Town requested an extension of time to serve the Complaint until January 15, 2020. In the interim, we continued to engage in preliminary resolution discussions with counsel for the Town and counsel for Bellingham. Despite these discussions, the Town ultimately filed its Complaint. Immediately after filing the Complaint, counsel for the Town inquired if LKMA was still interested in engaging in resolution discussions. We responded in the affirmative. However, in order to protect LKMA's interests, we filed an Answer on behalf of LKMA denying the material allegations alleged against LKMA asserted in the Complaint and asserted various affirmative defenses. Since the filing of LKMA's Answer, we have continued to engage in discussions with the Town and recently conducted an inspection of the Marina. While we cannot disclose the contents of any actual resolution discussions, since all said discussions and conversations are confidential, the above is a narrative of the history of the ongoing discussions between the parties in an effort to bring closure to this matter. To this end and based on LKMA's relationship with the Town, LKMA declined to give any comment in response to the media requests arising from the article in *Newsday* reporting on the lawsuit.

As evidence of the continued strong professional relationship that continues between the Town and LKMA, LKMA has been awarded three separate surveying projects for the Town since the date that the Summons with Notice was filed in March, 2019. In addition, as recently as last week, the Town sent a Request for Proposal to LKMA for a fourth surveying project.

If you have any questions or wish to discuss this further, please feel free to contact me.

Very truly yours,

Daniel A. McFaul, Jr.

Re: L.K. McLean Associates, PC Recommendation by Town of Brookhaven Parks Department

Dear Ms. Houdek,

The Town of Brookhaven has engaged L.K. McLean Associates, PC (LKMA) for many marine construction projects over the last 10+ years and to this day is working with them on a handful of projects on our numerous coastlines. They have provided quality professional engineering needed to upgrade, assess and maintain our facilities. L.K. McLean Associates has designed and managed the construction of projects such as: Port Jefferson Marina Annex, Sandspit Marina & Ferry Terminal, Davis Park Marina (Fire Island), the Pines Marina & Ferry Dock, Cherry Grove Pier, Pine Neck Boat Ramp, and Bellhaven Jetty Reconstruction (2020).

It is notable that subsequent to Superstorm Sandy, LKMA was called on to assess the damages to many of our marinas, conduct damage assessments/reports, prepare expedited plans to restore the marinas to safe operation and inspect the reconstruction / repair of the various facilities. LKMA's services during that challenging time were integral to us receiving FEMA reimbursement and re-opening of the facilities to the public.

We have been pleased with the work LKMA has provided to the Town.

Re: L.K. McLean Associates, P.C (LKMA)

Dear. Ms. Houdek,

In my position, as Director of Municipal Works at the Town of Southampton, I have had many occasions to work with LKMA to bring projects from concept stage to completion of construction. I have always found LKMA to have a high level of professionalism and technical expertise in the marine infrastructure as well as highway improvement projects that I have had the opportunity to work with them on.

In 2018 the Town completed the renovation of the Old Ponquogue Fishing Piers that were substantially damaged by Hurricane Sandy. The project required multi-agency permitting, and coordination. The project was challenging due to the dynamic environment and proximately to the Shinnecock inlet and associated swift tidal change. Following completion of the fishing pier project, LKMA was contracted to develop plans and specifications to renovate the pedestrian approaches to the fishing piers. The improvements were completed by the fall of 2019 and the community was once again able to enjoy the vistas, scuba, and fishing opportunities provided by the Old Ponquogue Fishing Piers.

In 2019, the Town released a Request for Proposals for the rehabilitation to the Shinnecock Commercial Fishing Dock. This is the Town's only commercial fishing dock. Design elements includes, addressing a failing bulkhead, aging electrical infrastructure, dredging design and rehabilitation of the parking and storage areas. The location of this commercial fishing dock, is vulnerable to coastal storms, so resiliency is an important aspect of design. LKMA was awarded this design contract and has developed the project plans and regulatory permit applications.

I have also had the opportunity to work with LKMA on a number of other types of civil engineering projects including pedestrian safety projects and building renovation projects. My experience has been positive, and professional, with timely response and addressing of any issues and/or questions pertaining to the project. If you require additional discussion, please feel free to call me at 631-766-4939.

Sincerely,

Re: L.K. McLean Associates, PC Recommendation

Dear Ms. Houdek,

The Town of Islip has used L.K. McLean Associates, PC (LKMA) for numerous marine construction projects over the last 15 years and continues to rely on them to provide professional engineering services to upgrade, assess and maintain our facilities. L.K. McLean Associates has designed projects such as: Bay Shore Marina Exterior Bulkhead and Boardwalk (2009); Maple Street Dock Marina (2008); East Islip Marina (2013); Atlantique Marina dock and electrical repairs (2013); Maple Avenue Dock Reconstruction (2014) and Bayport Beach Breakwater (2018).

It is notable that subsequent to Superstorm Sandy, LKMA was called on to assess the damages to many of our marinas, prepare expedited plans to restore the marinas to safe operation and inspect the reconstruction / repair of the various facilities. LKMA's services during that challenging time were critical to receiving FEMA reimbursement and re-opening of the facilities to the public.

We have been satisfied with the work LKMA has provided to the Town.

Re: Letter of Recommendation LKMA

Dear Ms. Houdek,

L.K. McLean Associates, PC has provided architectural, engineering design, construction administration and inspection services on several recent projects for the Village of Ocean Beach. Some of these projects include:

- **Reconstruction of the Ocean Beach Ferry Terminal (Phase 1)** - This project was federally funded under the ferry boat discretionary program and it involved the reconstruction of a majority of the ferry basin's bulkheads, passenger boardwalks and freight dock. This project was successfully completed in the spring of 2017 and LKMA's efforts on this project allowed the Village to be reimbursed for the full amount the grant. This was a \$2.3 million construction project. LKMA provided design and CI/CA in accordance with NYSDOT requirements.
- **Reconstruction of the Ferry Terminal Building** - LKMA provided architectural and engineering design services for a new 7,500 sf ferry terminal building. This project was successfully completed in 2018 and was a \$5 million construction project. In addition to design services, LKMA provided construction inspection and administration services and assisted the Village in the efforts to get the project reimbursed by FEMA.
- **North Side Bulkheads** - LKMA provided engineering design, permitting and inspection services for the replacement of 400 feet of deteriorated bulkhead. The projects were completed in 2017 at a cost of approximately \$600,000.

We have been satisfied with the professional services LKMA has provided and find them to be a qualified, responsive and conscientious firm that we continue to work with to help maintain the essential marine facilities in our Village.

Re: L.K. McLean Associates, P.C. (LKMA)

Dear Ms. Houdek,

As the Harbormaster for the Town of East Hampton, I have worked with LKMA for several years on various types of successful projects. I have found that LKMA brings a broad range of professional engineering knowledge and municipal support to each project. My experience is that they are very responsive and possess a high level of technical expertise in the marine infrastructure as well as other architectural and engineering improvement projects.

We are currently contracted with LKMA on a bulkhead replacement project at the Head of the Harbor in Three Mile Harbor. LKMA designed, permitted, issued bid documents and is providing construction support for the replacement of 675 feet of bulkhead. The project also entails utility upgrades, mooring pile replacement and boardwalk replacement. The project required multi-agency permitting, and coordination.

I have also had the opportunity to work with LKMA on a number of other types of architectural and site improvement projects at the East Hampton Police Headquarters and building renovation projects. I plan to continue using LKMA on our upcoming marine infrastructure improvements, which include but is not limited to the design of a small boat ramp and dock improvements at the Montauk commercial fishing docks.

My experience with LKMA has been positive and professional and we will continue to work with their firm.

The Town of Brookhaven hired LKMA to prepare permit drawings for the replacement of two sections (totaling 350 linear feet) of old steel bulkhead situated within the Port Jefferson Marina. The project required separate NYSDEC Tidal Wetland approvals and was bid separately. The Contractor (for both projects) removed the existing steel bulkhead system and installed a fiberglass sheet pile (Mary Bayles Park @ Danfords) and marine grade steel sheet pile (West Annex). Any and all electrical distribution lines were temporarily removed and replaced once the bulkhead installations were complete. During the five month construction schedule, the project required coordination with the existing ferry company, party-boat vendor (Martha Jefferson), Danfords Restaurant and the general public using the parking lot facility. All construction was completed without incident, on-time and within the project's budget (\$525,000). LKMA prepared the permit package, bid specifications and construction drawings for each of the two marine construction projects and provided construction management and support services during the construction of the project.

PROJECT NAME: OLD PONQUOGUE BRIDGE & PIER RESTORATION

CLIENT REFERENCE: CHRISTINE FETTEN, PE
TOWN OF SOUTHAMPTON
631-702-1750

Project required design solutions for restoration of the Old Ponquogue Bridge constructed in 1930. This bridge was once a drawbridge connecting the mainland to the Atlantic Ocean barrier beach in Hampton Bays and was used until 1986 when a modern concrete bridge was constructed to replace it. After 1986, the drawbridge portion of the bridge was removed and the piers were left for the public to enjoy recreational activities such as fishing, diving and sightseeing. Since the original construction, the wood pilings have created one of the most diverse underwater ecosystems along the Long Island Shoreline. The south pier is considered Long Island's premier dive location.

The objective of the restoration was to save as much of the 1920's bridge design as possible. On the south pier, closely spaced IPE tropical hardwood decking was chosen to mimic the original bridge deck's sunlight/shading. Restoring the existing deteriorated timber piles included the use of fiberglass pile sleeves with epoxy fill preserve. Using divers, pile sleeves were placed from 2 feet below the mudline to 2 feet above the high water level. The north side's height above the water was substantially lower. To allow sunlight to penetrate to the bay bottom, an aluminum ADA compliant grate decking was incorporated into the design. The grate decking also was designed so that tidal fluctuations do not create uplift forces mitigating potential damage from tidal surges. The refurbishment design replaced all structural connections on the north and south piers.

PROJECT NAME: FIRE ISLAND—DAVIS PARK MARINA PHASE TWO IMPROVEMENTS

CLIENT REFERENCE: EDWARD MORRIS, COMMISSIONER
TOWN OF BROOKHAVEN DEPARTMENT OF PARKS & RECREATION

Design, survey, mapping, and construction monitoring of a new composite timber boardwalk and vinyl bulkhead construction for additional transient slips along the north beach area of the Davis Park Marina. The project also included the construction of two new steel waterbreaks located on the east and west side of the marina opening. Each steel break was finished with CCA treated timbers for maintenance and aesthetic purposes. The project allowed the Town's maintenance crew to install a new electric service to five new light fixtures along the new boardwalk. New five (5) and seven (7) pile clusters were part of the project to protect the new steel water breaks and landing craft (TOB) docking area. The project also included maintenance dredging of two specific areas within the marina. The excess material (2,500 cubic yards) was used to rehabilitate the eroded North Beach area.

The photograph above depicts the new composite timber decking along the Town's North Beach Boardwalk with photos of the new steel water breaks in each upper corner.

Design and construction monitoring of a new 8' X 44' finger dock for the Davis Park Ferry Company. The project also consisted of the replacement of CCA treated wood decking with a composite timber decking (Boardwalk by CertainTeed). The deck replacement continued from the entire dock to the Four Corners Intersection (Centerwalk meets Trustees Walkway) which is located approximately half way across the Island (north-south). New structural joists and stringers were installed along the new decking areas. The improvements allowed the Town's maintenance crew to replace all existing water and electrical lines with new services. New pile clusters were installed to assist the Ferry Company's docking procedures while new piles were installed within the marina to replace old piles compromised by the elements. The last major component of the marina improvements project was to resheath the entire perimeter of the pier and existing ferry dock.

The photo above depicts the new composite timber decking along the Town's ferry pier leading to the ferry docks at the Town's Davis Park Marina Facility in Fire Island.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: January 16, 2020 Revised

SUBJECT: On-Call Civil Engineering Services
Agreement No. H61001-10C4, CFPW18000016
Amending Cap "On Call" Agreement
"On Call" Civil Engineering & Site Development Design & Support Services for Civil/Site Design

The Department of Public Works procured Louis K. McLean Associates Engineers & Surveyors, PC, to provide "On Call" Civil Engineering & Site Development Design & Support Services through an open RFP and this agreement was signed on February 14, 2019, for three (3) years with a two (2) year extension at the Commissioner's discretion with a one million five hundred thousand dollars (\$1,500,000.00) cap.

The Department awarded task orders in 2019 to this firm, and after encumbering funds for these task orders, there is no space left in the cap for any additional task orders. Now the Department of Public Works is requesting to increase the cap by four million dollars (\$4,000,000.00). The total maximum amount that the County shall pay to the Firm as full consideration for services shall not exceed five million five hundred thousand dollars (\$5,500,000.00) (the "Amended Maximum Amount").

Our previous cap of one million five hundred thousand dollars (\$1,500,000.00) was depleted within ten (10) months. At this rate, we anticipate needing an additional four million dollars (\$4,000,000.00) to complete this three (3) year agreement. The \$4,000,000.00 increase in cap will be used for the 2020 and 2021 Priority Resurfacing Program as well as other infrastructure work done under this agreement, including bridges, parks, drainage, retaining walls and roadway widenings. To complete design in a timely manner, it is critical the cap on this agreement is raised by the requested amount.

All the terms and conditions of the original agreement shall remain in full force and effect and govern the relationship of the parties for the term of the amended agreement.

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.

CONTRACT FOR SERVICES

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the County Department of Public Works, having its principal office at 1194 Prospect Avenue, Westbury, New York 11590 (the "Department") and (ii) Louis K Mclean Associates Engineers & Surveyors, PC, having its principal office at 437 South Old Country Road, Brookhaven, New York 11719 (the "Firm" or the "Contractor").

WITNESSETH:

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, the Contractor desires to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. Notwithstanding the foregoing, the Department, in its sole discretion, shall have the right to extend this Agreement for a period of up to two (2) years by delivering a notice of extension to the Firm at least thirty (30) days prior to the Expiration Date. The Agreement so extended shall be on the same terms, conditions and covenants as during the initial term except that the Expiration Date shall be modified in accordance with the notice of extension. Any task order issued to the Firm, **prior to the Expiration Date of the Agreement**, may be completed in its entirety, even if the work is performed beyond the expiration date of the Agreement. Each request for work will be attached hereto and hereby be made a part hereof as Exhibit "A".

(b) At any time during the term of this Agreement, the County may, in its sole and absolute discretion, require the Contractor to perform Extra Services. The Contractor shall not perform, nor be compensated for, Extra Services without the prior written approval of the Commissioner

or his or her duly designated deputy. The Contractor agrees to perform any such Extra Services in accordance with the terms and conditions contained in this Agreement. As used herein, "Extra Services" means additional services which are (i) generally within the scope of services set forth in this Agreement, (ii) necessary or in furtherance of the goals of this Agreement and (iii) not due to the fault or negligence of the Contractor.

3. Payment.

(a) Amount of Consideration. The amount to be paid to the Firm as full consideration for the Firm's services under this Agreement shall be payable as set forth in the "Payment Schedule," attached hereto and made hereby part hereof as Exhibit "B". (c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens, claims, or other encumbrances. The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials, and they shall be used by the Contractor for no other purpose without the prior written permission of the County.

(iii) The Contractor acknowledges that the County may, in its sole discretion, register copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. The Contractor shall cooperate in this effort, and agrees to provide any further documentation necessary to accomplish this.

(iv) The Contractor represents and warrants that the Copyrightable Materials: (1) are wholly original material not published elsewhere (except for material that is in the public domain); (2) do not violate any copyright law; (3) do not constitute defamation or invasion of the right of privacy or publicity, and (4) are not an infringement of any kind, of the rights of any third party. Any discovery or invention arising out of or developed in the course of performance of this Agreement shall be promptly and fully reported to the Department, and if this work is supported by a federal grant of funds, shall be promptly and fully reported to the Federal Government for determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

(c) Pre-existing Rights. In no case shall 4(a) or 4(b) above apply to, or prevent the Contractor from asserting or protecting its rights in any report, document or other data, or any invention which existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

(d) Infringements of Patents, Trademarks, and Copyrights. The Contractor shall indemnify and hold the County harmless against any claim for any infringement by the Contractor of any copyright, trade secrets, trademark or patent rights of design, systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Contractor in the performance of this Agreement. (e) Antitrust. 5. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, such breach being determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

9. Indemnification; Defense; Cooperation.

(a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, reasonable attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether taken pursuant to or authorized by this Agreement and regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section and the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the County Attorney's Office. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the County Attorney's Office of the same and deliver to the County Attorney's Office renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

13. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

14. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the County Comptroller, the County Attorney's Office, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings Against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. All Legal Provisions Deemed Included; Severability; Supremacy; Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) In the event of a conflict between the terms and conditions of the contract, including any and all attachments thereto and amendments thereof, and the terms of this Appendix A, the terms of this Appendix A shall control.

(d) Each party has cooperated in the negotiation and preparation of this Agreement, so if any construction is made of the Agreement it shall not be construed against either party as drafter.

18. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred Thirty-Three dollars (\$533) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

19. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County and other governmental approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the State and/or federal governments, then beyond funds available to the County from the State and/or federal governments.

Payment Schedule

Payment to the Firm for all services that may be authorized under this Agreement, shall be made as follows:

Compensation for services provided under the terms of this Agreement will be (i) on the basis of a lump sum or (ii) the actual salaries paid to the technical personnel engaged in performing the service, exclusive of payroll taxes, insurance, and any and all fringe benefits, times a multiplier of **two and fifty hundredths (2.50)**. The method of determining compensation shall be established by the County for each project and set forth in the County's written request for a proposal and cost estimate.

Payments to Firm When Services Are Compensated "On the Basis of Salary Multiplier"

The Firm shall prepare and attach to this Agreement a Maximum Hourly Wage Rate Schedule listing the job classifications and the maximum hourly wage rate for each classification. The salaries of all employees rendering services under this Agreement must be within the limits of the approved Maximum Hourly Wage Rate Schedule. It is the County's intention that the salary to be reimbursed to the Firm for a named employee shall be the same for said employee on all current County agreements with the Firm.

The Firm may grant an employee a salary increase within a classification or a change of classification upon written notification to the Department one month prior to the effective date of such increase or change and with written approval of the Department. Premium pay for overtime work, over and above the straight hourly rate, performed for any services rendered under this Agreement shall not be subject to any multiplier. All overtime requests must be submitted to the Department for approval in advance. In computing the cost to the County for overtime work performed, the overtime period shall be paid at the agreed multiplier times the straight hourly rate plus the actual premium cost incurred.

Notwithstanding the foregoing, the maximum billable rate, after application of the multiplier for any services provided under the terms of this Agreement shall not exceed one hundred and seventy-five dollars (\$175.00).

When the design for a construction contract has been fully completed and all necessary work has been accepted by the Commissioner, the Firm shall be paid any additional sum necessary to bring the payments up to 80% of the design fee based on "Salary Multiplier" or lump sum as outlined in task order.
- (2) Upon completion of all construction contract work based on the Plans prepared by the Firm and the work accepted by the County, the Firm shall be paid an additional sum to bring the final payment up to 100% of the design fee based on "Salary Multiplier" or lump sum as outlined in task order.

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by

the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive

Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.
