5. Provide a brief description (4 to 5 sentences) of the item for which this approval is requested:

The purpose of this amendment is to extend the contract 6 months to 2/20/2021 to allow the County sufficient time to issue a Request for Proposal for GIS services. Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract will enable the vendor to provide GIS support to further this development. Enterprise GIS is a geographic information system that is integrated through an entire organization so that a large number of users can manage, share, and use spatial data and related information to address a variety of needs, including data creation, modification, visualization, analysis, and dissemination. In Nassau County's case the Enterprise GIS is used across multiple agencies to track assets, capital projects, incidents of multitude, and manage cadastral datasets to name a few use cases. There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS "married" to the Firecom Street Locator System so that when a fire alarm is dispatched, the system will deliver a GIS map at the same time. 2) DPW takes GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partner outside Nassau County government. The services have been awarded to four vendors that Nassau County believes will best be able to provide the County with user support, system maintenance, system upgrade, systems administration and support, application development, and training.

CONTRACTOR NAME: Gayron de Bruin Land Surveying & Engineering, P.C.

CONTRACTOR ADDRESS: 88 Duryea Road, Melville, NY 11747

FEDERAL TAX ID #: 27-4429063

Instructions: Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.

I. ☐ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____

[date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. ☐ The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on _____. Potential proposers were made aware of the availability of the RFP by advertisement in _____, posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____. _____ proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. ☒ This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on August 21, 2015. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP. The original contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LIST net websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Berjarano, Anthony Paganini, Jim Slevin, and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking, four vendors were selected.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
 - ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
-
- ☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

- ☐ D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

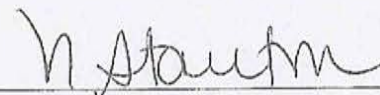

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. ☒ Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☐ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. ☒ Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: ☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

GdB was hired as a subconsultant to provide a variety of Land Surveying services for this large scale effort by Nassau County DPW to divert dry weather effluent from the Bay Park STP to be discharged via the ocean outfall at the Cedar Creek WPCP. This required construction of a new dedicated pump station at Bay Park, a new force main between the two facilities and all related control systems and appurtenances required.

To begin this effort, GdB performed planimetric survey from aerial photogrammetry and used topographic survey to supplement. Aerial photogrammetry was tied to ground control set by GdB to be accurate within 0.1'. Planimetric survey included all visible surface features with line work drafted on intelligent levels, labeled and annotated. GdB field crews subsequently walked the entire project scope to check for completeness and accuracy with supplemental topographic survey performed to pick up any missing surface features. The Topographic Survey was also used to add three-dimensional terrain for the entire project scope. A 3D model was compiled using break lines in AutoCAD and Civil 3D. Hydrographic survey was used to supplement the surface model below water where the micro-tunneling path crosses Mill River.

For a portion of the project route from Bay Park to NY27 and from NY27 to Cedar Creek, ROW and property boundary survey was performed, starting with record with appropriate municipalities to acquire deeds, subdivision maps, acquisition maps, etc. These records were drafted to represent the subject properties with extensive field work by ground survey to locate monuments and other boundary evidence. Calculations and analysis by licensed Land Surveyors were made to reconcile records with field evidence to determine accurate boundary line positions.

A combination of quality level A/B/C mapping was performed for utilities in the project scope depending on the level of detail required. Local utility providers were contacted to provide records, which were then reconciled with surface utility hardware found during the planimetric and topographic portion of the project.

The Effluent Screening and Disinfection Facility at Cedar Creek was due for major reconstruction and renovations as part of this effort. GdB opted to use a 3D laser scan to obtain current conditions of the pump station. The resulting point cloud was transformed into a Building Information Model (BIM) to create a "Digital Twin" of the pump station using AutoDesk Revit and ReCap. This method allows engineers to work within current conditions, allowing them to removing existing assets, design and plan installation while working with exact site parameters and constraints.

Completed

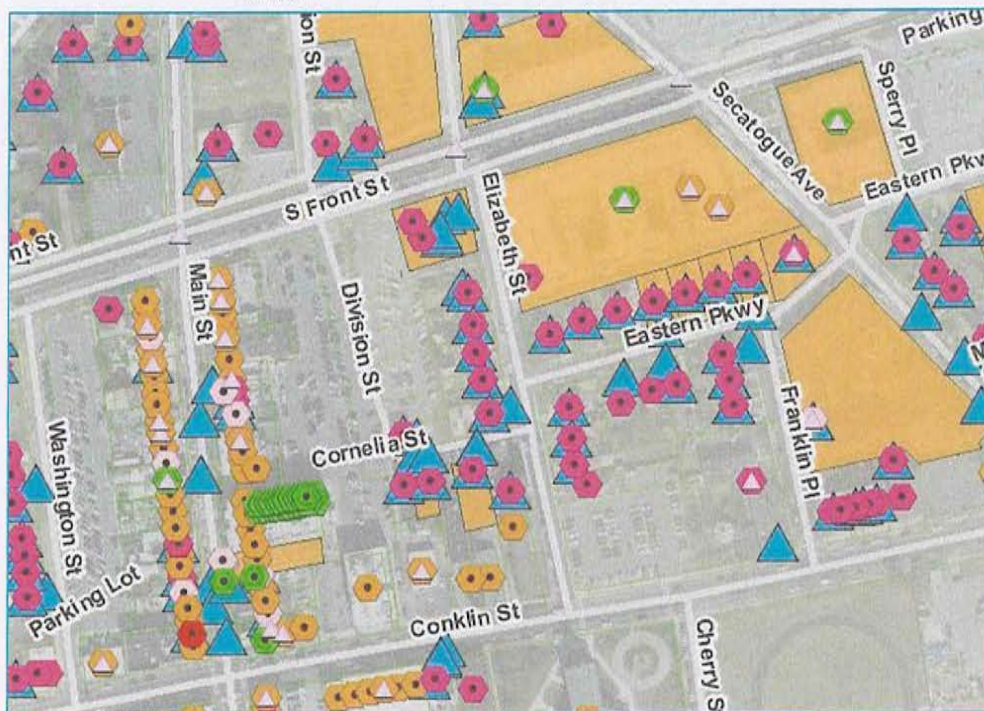

2018 - Present

The Gayron de Bruin team was contracted by Nassau County Department of Public Works to update the Census Bureau's "Map Address File" (MAF) for the whole of Nassau County. The purpose of this project was to update known addresses in the county before the 2020 census goes out. This was done to ensure the Census Bureau does not miss any new addresses when they send out the census mailer.

GdB's responsibility was to review various county-provided address lists, identify discrepancies, and provide back updated address files and GIS datasets to the County and Census Bureau. GdB received the census MAF, the county's GIS address points, DMV addresses, county parcel data, and various other address lists and datasets. All data was geocoded if necessary and so it could be spatially analyzed alongside other GIS datasets. GdB spent four months comparing address datasets in GIS to identify areas of concern to field verify in later phases. The focus was on picking up new housing developments such as apartment buildings and condominium complexes, but many new addresses were picked up in more typical residential areas as well.

After this initial phase, field technicians were sent out to various areas around the county to confirm addresses in the discrepancy areas. GdB field technicians leveraged the ArcGIS mobile platforms like ArcGIS Online and Collector for ArcGIS to navigate to and update the address data in the field. This method facilitated routing, scheduling, and data synchronization tasks for a project that spanned an entire county.

Finally, GdB used software provided by the Census Bureau to upload an updated copy of the MAF to the bureau. GdB is still under contract with the county to provide GIS support and documentation for review and appeal phases that will be scheduled for summer of 2019.

The South Shore of Nassau County makes full use of local natural drainage to aid in storm water management. Storm Water assets are independent from Sanitary and are not subject to wastewater treatment. Under this contract, GdB was hired as a sub consultant to aid in the Outfall Reconnaissance Inventories (ORI's) of 22 streams and their respective watersheds. Carefully inspecting over 1100 individual drainage outfall structures, data collection teams documented condition, presence of illicit discharge and general stream health.

For this task, Gayron de Bruin provided custom mobile GIS data collection to inspect, document and photograph each individual outfall. Using this method, office management is able to track progress and communicate with field crews in a moment's notice. Field Data Reports were provided for each Watershed, including maps, datasheets and photographic documentation.

As an additional service, Gayron de Bruin used the most current set of New York State provided Orthophotography to update each Stream Corridor to better reflect current geography.

ArcGIS Online and the Collector for ArcGIS application were used across multiple field crews to collect and report data in real time. Managers and NCDPW employees could follow progress and report issues and illicit discharge immediately as it was found. A custom web application was built to find, filter and report, increasing workflow productivity and communication.

As part of continued improvements to Nassau County infrastructure, NCDPW completed a traffic study in late 2013 to develop solutions and address traffic and pedestrian safety concerns along Austin Boulevard in the Village of Island Park and Hamlet of Barnum Island.

In order to implement new traffic signals, variable message signs (VMS) and traffic surveillance cameras, Gayron de Bruin Land Surveying and Engineering, P.C. was hired as a subconsultant to provide various survey services along the high traffic corridor in south Nassau County.

With safety as a major concern in high traffic areas, GdB opted to use aerial imagery and photogrammetry to map the survey limits, producing contours for the entire project scope. Traditional ground survey was used to supplement the photogrammetry where positional accuracy of surface features was required to be better than 0.2'. All intersections where the Prime Engineer intended to design grading, alignment and tie-ins to existing surfaces were surveyed traditionally. Right of Way lines were researched, depicted and included in the delivery to the County.

Evidence of utilities were located in the field by traditional ground survey methods and reconciled with record plans received from local utility companies. Any observed sanitary and storm drainage structures found in the field were investigated, measuring pipe sizes, flow direction and invert elevations. This information was then plotted in CAD and included in the base map. All of the mapping was completed following the County's CAD standards and delivered in digital format.

As a sub consultant to LK McLean Associates, Gayron de Bruin was tasked with the survey portion of a large-scale drainage study on Barnum Island and Harbor Isle. As part of the drainage study, GdB was responsible for the inventory of existing drainage assets including Catch basins, Manholes, Leaching structures and outfalls.

At each of the approximately 500 Manholes, Catch Basins and 50 Outfalls, GdB collected various required data including outfall pipe inverts, top of bulkhead elevations. Using various methods, including but not limited to RTK GPS and Robotic Total Stations, GdB collected all data, implemented quality control while delivering the project on time and within budget.

This project was funded through the Governor's Office of Storm Recovery.

Gayron de Bruin (GdB) worked as sub consultant on this project tasked with taking inventory of existing drainage facilities within the Bay Park/East Rockaway Area. GdB located and obtained rim and invert elevations using GPS RTK technology of the visible and accessible drainage structures, including but not limited to catch basins, leaching structures and manholes. A numbering system was implemented to assist in the future identification to the drainage facilities. There were approximately 1,225 manholes and catch basins.

GdB also took inventory of approximately 90 outfall locations within the Bay Park / East Rockaway area. GdB located and obtained outfall pipe invert and top of bulkhead elevations using GPS RTK technology of the visible and accessible outfall locations. This project was completed on time and within budget.

Gayron de Bruin Land Surveying and Engineering, P.C (GdB) was hired as a subconsultant to perform various Land Surveying services for this Drainage Improvement study in Baldwin, NY for the Nassau County Department of Public Works and Governor's Office of Storm Recovery.

For this task, GdB performed a Topographic survey at specified to assist in the drainage study. All storm water drainage hardware, including culverts within the project scope had full subsurface investigation performed using GdB's custom data collection and quality control software.

In 2019, GdB was contracted to perform additional topographic survey and subsurface investigation of the surrounding area. For this portion, GdB also provided boundary and Right of way lines which were research with local municipalities and confirmed with field observed monumentation for the area of Silver Lake Park and private residences south of Foxhurst Road alongside Parsonage Canal. Any drainage easements with the town were also depicted in the mapping deliverable.

All work was performed on-time and within budget, with no safety issues.

Dear Ms. Gayron:

We are pleased to inform you that The Port Authority of NY & NJ has certified your business as a Disadvantaged Business Enterprise (DBE) on behalf of the New Jersey and New York State Unified Certification Program (NJ/NYS UCP) partners.

Your certification will remain in effect, provided your business continues to meet the eligibility criteria set forth in U.S. Department of Transportation, Code of Federal Regulations Title 49 Part 26. Annually, you must submit a signed and notarized "DBE No Change Affidavit" with supporting documentation. It is your responsibility to notify this office in writing within 30 days of any changes. Failure to do so may result in decertification of your business.

The following table lists the North American Industry Classification System (NAICS) codes and descriptions that have been assigned to your business in accordance with the services it renders.

NAICS CODE	DESCRIPTION
541330	Engineering Services
541370	Land Surveying

We have also added your firm to the NJ and NYS UCP directories, which can be accessed at <https://njucp.dbesystem.com> and <https://nysucp.newnycontracts.com/>, respectively.

If you have any questions regarding your certification, you may contact me at (201) 395-3950 or via email at jaortiz@panynj.gov.

Sincerely,

Firm Introduction

Gayron de Bruin Land Surveying and Engineering, P.C. (GdB) is an industry leader providing geospatial services to A/E/C professionals, government agencies, and the general public. With a long history of exceptional client service, GdB is dedicated to collecting, managing and presenting geospatial data. GdB uses innovation and technology to help clients find solutions to design/build and construction challenges. GdB operates two offices servicing all of New York State, with headquarters in Melville and a branch office in Honeoye Falls.

Firm History

Gayron de Bruin Land Surveying and Engineering, P.C. was formed in 2010 by Christine Gayron, LS and Gregory J. de Bruin, LS, PE. Recently, Christine and Greg added Jason Graf, LS to the executive board. Together, Christine, Greg and Jason bring more than 60 years of combined experience in Land Surveying, Civil Engineering, and Geographic Information Systems.

Resources

The staff at Gayron de Bruin consists of 65 professionals including 11 licensed Land Surveyors, one of whom is also a licensed Professional Engineer. We run a dozen field crews daily and our office technicians are proficient in CAD and GIS. Every project is managed by a licensed professional. Equipment and software used include the following: Leica RTC360 Scanner, Leica ScanStation P20 Long Range 3D Terrestrial Laser Scanner, Leica and Sokkia Robotic Total Stations, Digital Levels with invar rods, Leica and TopCon GPS Systems, AutoCAD, MicroStation/InRoads, Civil 3D, Carlson Survey and Carlson Civil, Seafloor Hydrolite Echosounder system, ESRI ArcGIS. GdB specializes in production of plans employing as much customization and automation possible, the output being various agency CAD requirements. We have systems set up to work natively with the specific symbology standards set forth by a variety of clients. The result is seamless data integration resulting in time and cost efficiencies.

Land Surveying / Construction Monitoring

GdB specializes in performing boundary surveys, topographic surveys, utility surveys, hydrographic surveys, construction layout and pre-design base mapping on projects of all sizes. GdB offers innovative solutions and the latest, greatest technology to complete tasks on time and under budget while maintaining fast turnaround and superior deliverables. With extensive experience working with various City, State, and local government agencies, in addition to private utility providers and firms, GdB is expertly capable to exceed expectations on each project.

GdB has developed a reputation for high technical and accuracy standards, innovative use of technology and commitment to providing superior service to our clients. While utilizing a cost savings approach, we deliver quality.

GIS Expertise

GdB develops and customizes databases and applications to manage spatial data for our clients. We use multiple methods of data collection, including custom software and ArcGIS Online services. GdB recognizes the value in using GIS to manage all types of spatial data. As the industry has become more digital, the need to manage this data requires the technical skill and innovation that we provide.

For over 6 years, GdB have been ESRI Business Partners, working closely with ESRI to provide the most streamlined and modern solutions to our clients. Taking

part in the ESRI User Conference every year in San Diego, CA, the GIS specialist team at GdB are up to date on the latest and greatest methods and tools. As ArcGIS Online Specialists, we are uniquely capable to provide clients solutions that work both in local environments and in the web with mobile data collection, simultaneous editing for field and office staff and cloud storage, applications and tools that work on a majority of modern devices.

Machine Control Modeling

Machine controlled construction has enabled contractors all over the country to build projects faster, more efficiently, safely and with vast savings in fuel and materials cost. It has been adapted for use on just about every piece of equipment such as dozers, excavators, curb machines, paving machines, graders, etc. Machine control technology has been said to make inexperienced operators good, and good operators better. This all hinges on having a complete and accurate 3D Machine Control Model. GdB is one of the area's leaders in building 3D models for Machine Controlled construction. Our staff's background in both surveying and engineering enables us to build models per the approved construction plans, while identifying and resolving potential construction issues before they cause on-site project delays.

sUAS/Drone Services

With 8 FAA certified remote pilots on staff and two DJI sUAS/Drones, Gayron de Bruin Land Surveying and Engineering, P.C. is fully equipped and capable, offering a full range of sUAS/Drone services. sUAS technology has had a huge impact on land surveying, and it enables us to provide data that was previously only available through large scale operations. The types of jobs that are now able to be accomplished due to the increased safety for field staff cannot be understated. Through Drone services, GdB staff can now work safely on the side of high traffic roadways, creeks, river beds, and construction sites to gather survey data and imagery that would have previously put staff in high risk situations. GdB's staff of land surveyors and certified remote pilots are well versed in current FAA regulations governing airspace, and uniquely qualified to provide accurate 3D data. Our rich surveying history can give you piece of mind, that the deliverables you receive, have been rigorously analyzed for the quality you expect from land surveying services.

GdB offers the following sUAS/Drone Services in addition to traditional Land Surveying Services:

- 3D Point Clouds
- Topographic Contour Data
- Volume Reports and Visualization
- Geo-referenced orthomosaics
- Custom web applications to view imagery and progress.

LiDAR (3D Laser Scanning) Expertise

In recent years, GdB has added LiDAR (3D Laser Scanning) as another viable option in our toolbox to best serve our clients. 3D Laser Scanning allows GdB to gather accurate, survey grade data for complex sites that may be inaccessible to survey by conventional methods. Scanning minimizes time spent in the field while keeping our field crews safe. LiDAR sensors spray laser beams to all objects in its field of view to collect point data at a desired interval. The resulting point cloud is then used to produce linework, CAD drawings, Digital Terrain Models and 3D renderings.

Laser scanning has an incredible amount of viability for Land Surveying operations. GdB has used it on projects for building surfaces, building interiors, high-rise structures, checking for uniformity for athletic competition and on high-traffic roadways where difficult accessibility creates safety concerns.

Building Information Modeling (BIM)

Building Information Modeling (BIM) is a method used for planning, creating, analyzing, and maintaining a project from conception. It easily connects the designer, surveyor, engineer and owner in a collaborative environment. Existing conditions, models, and plans are generated, analyzed, tracked and updated. Once the project is finished, BIM is then used to maintain and upgrade.

Another tool in GdB's toolbox - we can provide you with survey grade surface models (Civil 3D, Carlson, Microstation), building models (Revit), or point clouds. These files can be added into BIM and used in design or to analyze existing conditions. With our scanning hardware and extraction techniques, we provide highly accurate models with limited time in the field.

Amendment #3

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having its principal office at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) Gayron De Bruin Land Surveying and Engineering, P.C., a New York State corporation, having its principal office at 88 Duryea Road, Melville, NY 11747 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CQIT15000004 between the County and the Contractor, executed on behalf of the County on August 21, 2015, and subsequently amended on August 18, 2017 and October 1, 2019 (the "Original Agreement"), the Contractor performs certain support and training services for the County in connection with the County's use of its geographic information systems (the "GIS System"), which services are more fully described in the Original Agreement, (the "Services"); and

WHEREAS, the Original Agreement commenced on August 21, 2015 and is scheduled to terminate on August 20, 2020 (the "Term"); and

WHEREAS, in order for the County GIS System to function properly, the County requires the contractor to provide user support, system maintenance, upgrade, and additional enhancements (the "Maintenance and Support Services"); and

WHEREAS, the County desires to extend the original agreement to continue the Services to allow County sufficient time to issue a Request for Proposal for GIS services; and

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term Extension. The Department desires to extend the Term for an additional six (6) month period so that the termination date of the Original Agreement, as amended herein, shall be February 20, 2021.
2. Vendor Code of Ethics. By executing this Agreement, the Permittee hereby certifies and covenants that:
 - (i) The Permittee has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
 - (ii) All of the Permittee's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;

- (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
 - (iv) The Permittee will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
 - (v) The Permittee will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Permittee is required to retain other records pertinent to performance under this Agreement; and
 - (vi) The Permittee has obtained the certifications required by the Vendor Code of Ethics from any sub-contractors or other lower tier participants who have participated in procurements for work performed under this Agreement.
3. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties.

[REMAINDER OF THE PAGE INTENTIONALLY LEFT BLANK FOLLOW]

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.

Contract Summary

Description: Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract will enable the vendor to provide GIS Support to further this development.
Purpose: There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS "married" to the Firecom Street Locator System so that when a fire alarm is dispatched the system will deliver a GIS map at the same time. 2) DPW: DPW take GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partners outside Nassau County government. The Services have been awarded to four vendors that Nassau County believes will best be able to provide the County with user support, system maintenance, system upgrade, systems administration and support, application development and training.
Method of Procurement: Request For Proposal.
Procurement History: The Contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LISTnet websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Bejarano, Anthony Paganini, Jim Stevin and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking (attached), four vendors were selected.
Description of General Provisions: Task 1 – GIS Support Services: 1. On-call user support including problem resolution. 2. Data maintenance as required or as directed by the County. 3. New application development and continuing application development on work previously completed and on work in progress. 4. Systems Administration and Support. 5. Support for implementing software upgrades.
Impact on Funding / Price Analysis: The maximum amount for full consideration for services shall not exceed \$750,000.00. However, monies will be encumbered on an as needed basis, whenever services are required.
Change in Contract from Prior Procurement: N/A

CONTRACT FOR SERVICES

THIS AGREEMENT, dated as of the date of execution by Nassau County (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"); acting on behalf of the County Department of Information Technology having its principal office at 240 Old Country Road, Mineola, 11501 NY (the "Department"), and (ii) Gayron De Bruin Land Surveying and Engineering, P.C., a New York State corporation, having its principal office at 11 Union Avenue, Bethpage, NY 11714 (the "Contractor").

WITNESSETH:

WHEREAS, the County issued a request for proposal (the "RFP") RFP#IT0321-1407 issued April 4, 2014, for Geographic Information System ("GIS") Support and GIS Training; and

WHEREAS, the County received multiple responses to the RFP; and

WHEREAS, the Contractor submitted a proposal in response to the RFP found to be beneficial to the County; and

WHEREAS, the County awarded the Services to four (4) qualified vendors, including the Contractor; and

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, the Contractor desires to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence upon execution of this Agreement by the County and continue for a two (2) year period, unless sooner terminated in accordance with the provisions of this Agreement, however, the County, at its sole option and in its sole discretion, may renew this Agreement under the same terms and conditions for additional three (3) one (1) year periods for a total term of five (5) years.

2. Services. The Services are fully described in detail in the Statement of Work and include, but are not limited to providing GIS-related support services including (1) on-call user support including problem resolution (ii) data maintenance as required or as directed by the County including, but not be limited to planning, support and execution of monthly geodatabase and systems maintenance activities; (iii) Contractor shall be responsible for new application development and for continuing application development on work previously completed and for work in progress. This shall include, but not be limited to: Portals, Help Desk, Multi-Participant License Manager and Reports, E-government, Extranet; (iv) systems Administration and support, and (v) support for implementing software upgrades.

3. Payment. (a) Amount of Consideration. The maximum amount to be paid to the Contractor as full consideration for the Contractor's Services under this Agreement shall not exceed Seven Hundred and Fifty Thousand Dollars (\$750,000.00) ("Maximum Amount") payable in accordance with the rates provided in the cost attachment #2.

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) Reimbursement by the Contractor upon Loss of Funding. In addition to any other remedies available to the County, in the event that the County loses funding, including reimbursement, from the State or federal governments for any Services arising out of or in connection with any act or omission of the Contractor or a Contractor Agent (i) the County will have no further obligations to the Contractor under this Agreement and (ii) the Contractor shall pay the County the full amount of lost funds on demand, but not in excess of the amount paid to the Contractor under this Agreement.

(e) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(f) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this

Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Confidential Information. The parties further acknowledge that in the course of this Agreement each may have access to and/or be in possession of proprietary or confidential information of the other party. "Confidential Information" shall mean: (i) any information that is specifically marked as "Confidential" "Restricted" or with other similar legend; (ii) information which the County has requested in writing to be kept confidential; (iii) information which is disclosed verbally and identified as confidential at the time of disclosure; (v.) information which, by its nature, must be kept confidential in order to prevent adverse consequences to the Business or the County; and (v) nonpublic third-party information entrusted to the other in confidence.

Each party agrees to use the Confidential Information of the other party solely for the purposes of this Agreement, and will not disclose such Confidential Information to any third party without the other party's consent. Each party shall maintain the Confidential Information of the other party in confidence using at least the same degree of care as it employs in maintaining in confidence its own proprietary and confidential information, but in no event less than a reasonable degree of care. Provided that, the receiving party shall have met the foregoing standard of care, an inadvertent or accidental disclosure by the receiving party of Confidential Information of the disclosing party shall not constitute a breach hereof. The foregoing shall not

prohibit or limit any party's use of information (including but not limited to ideas, concepts, know-how, techniques and methodologies) (i) previously known to it, (ii) independently developed by it, (iii) acquired by it from a third party without continuing restriction on use, or (iv) which is, or becomes, publicly available through no breach by it of this Agreement. Neither party shall use the Confidential Information of the other party for its own benefit or for the benefit of any third party, except as expressly permitted in this Agreement. A receiving party also may disclose Confidential Information to the extent required by an order of a court of competent jurisdiction, administrative agency or governmental body, or by any law, rule or regulation, or by court ordered subpoena, summons or other administrative or legal process, or by applicable regulatory or professional standards, or in connection with any judicial or other proceeding involving Contractor and County relating to Contractor's Services for County or this Agreement.

(e) Protection of Information Obtained in the Course of Performance. Information obtained by the Contractor in the course of performance under this Agreement is the property of the Department and may be disclosed only with the express permission of the Department or as required by law.

7. Confidentiality. (a) Confidential Information. The Contractor hereby agrees (i) to hold and to cause each of such Contractor's agents, employees and representatives to hold the County's Confidential Information in strict confidence and to take reasonable precautions to protect such Confidential Information including, without limitation, all precautions the receiving party employs with respect to its own confidential materials, (ii) not to divulge any such Confidential Information or any information derived therefrom to any third person; (iii) not to make any use whatsoever at any time of such Confidential Information except as contemplated hereunder; and (iv) not to copy or reverse engineer any such Confidential Information. (b) Exceptions to Confidentiality Obligations. "Confidential Information" shall not include information that: (i) was already known to the receiving party prior to disclosure by the disclosing party; (ii) is in or has entered the public domain through no breach of this Agreement or other wrongful act of the receiving party; (iii) has been rightfully received by the receiving party from a third party and without breach of any obligation of confidentiality of such third party to the owner of the Confidential Information; (iv) has been approved for release by written authorization of the owner of the Confidential Information; and (v) has been independently developed by the receiving party. (c) The Contractor agrees that the Contractor shall return or destroy the County's Confidential Information upon request. (d) Notwithstanding any provision in this Agreement to the contrary, the receiving party may disclose Confidential Information to the extent it is required to be disclosed pursuant to (i) "Compliance with Law: Record Access" Section; or (ii) a valid order or requirement of a governmental agency or court of competent jurisdiction, provided that the owner of the Confidential Information shall be given reasonable notice of such an order or requirement and the opportunity to contest it. (e) Limitation on the Flow of Information. The Contractor shall endeavor to give access to the Confidential Information only to such persons who are either bound by a professional duty of confidentiality or who require knowledge of the information as employees, representatives, agents, authorized persons, advisors, officers, or directors of the respective party for orderly conduct of business of the party concerned. The Contractor shall also require the recipients of the Confidential Information to undertake to keep such Confidential Information secret. (f) Non-Disclosure Agreement (NDA). The Contractor and the Contractor's personnel and/or agents are providing Services pursuant to this Agreement shall enter into a County issued NDA prior to commencement of Services. (g) The provisions of this section shall survive the termination of this Agreement.

8. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver Services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions

necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. Staffing and Personnel. The County reserves the right to review and to request changes to the members of the Contractor's staff assigned to deliver Services under this Agreement. The County shall have the right, in its absolute discretion, to require the removal of the Contractor's personnel at any level assigned to the performance of the Services or Work, if the County considers such removal necessary, in the best interests of the project and requests such removal in writing. Such personnel shall be promptly removed from the project by the Contractor at no cost or expense to the County. Further, an employee who is removed from the project for any reason shall not be re-employed on the Project.

10. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall indemnify and hold the County harmless against any and all Losses arising out of or in connection with any breach of warranty by the Contractor and any claim for any infringement of intellectual property rights as indicated in the "Patent/Copyright/Trademark/Trade Secrets Claims"...

(c) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(d) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(e) The provisions of this Section shall survive the termination of this Agreement.

11. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than two million dollars (\$2,000,000) per occurrence and four million dollars (\$4,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less two million dollars (\$2,000,000.00) per occurrence; (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) The Contractor shall indemnify and hold the County harmless against any and all Losses arising out of or in connection with (i) any breach of warranty by the Contractor, and (ii) any claim for any infringement of intellectual property rights as indicated in Section 14, "Patent / Copyright / Trademark / Trade Secrets Claims."

(c) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(d) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Right to Works/Intellectual Property Rights. (a) Except as noted in Subsection (c) below, upon execution of this Agreement, any reports, documents, data, designs, drawings, photographs and/or any other material or information provided by the County or compiled by the Contractor for the County pursuant to this Agreement shall remain exclusive property of the County. (b) The completed project deliverables as well as all working material shall become the sole property of the County. The completed maps, electronic media, and any additional products shall be copyrighted in the County's name. The Contractor shall not sell or distribute any of these County project deliverables in whole or in part to any third parties. The Contractor, with the expressed written permission of, the County, may be allowed to use limited examples of the completed work for marketing or other uses. (c) Contractor Property or Works. Unless otherwise agreed upon between the parties, Contractor retains all right, title and interest, including all copyrights, patent rights and trade secret rights, in any pre-existing Contractor property or work, including all intellectual property interests therein, that is included in the training program, except solely the specific modifications made by the County, which modifications shall be owned by the County.

13. Works Made for Hire. The Contractor acknowledges that all of the Contractor's works of authorship, and/or other materials created pursuant to this Agreement are works made for hire and the property of the County, including any copyrights, patents, or other intellectual property rights pertaining thereto. If it is determined that any such works are not works made for hire, the Contractor hereby assigns to the County all of the Contractor's right, title, and interest, including all rights of copyright, patent, and other intellectual property rights, to or in such the Contractor works.

14. Services for Other Nassau County Municipal Entities. It is understood that the Services described in the Agreement may be purchased by any other County municipal entities ("Municipal Entities") and the Contractor agrees to provide the Services to the Municipal Entities on the same terms and conditions

as if they were to be supplied to the County. In order to coordinate such activity, the Contractor agrees to only perform such Services after obtaining the written permission of the County. To the extent that the Municipal Entities purchase Services, then the Municipal Entities, and not the County, shall be liable to the Contractor.

15. Patent/Copyright/Trademark/Trade Secrets Claims.

(a) The Contractor will indemnify, defend and hold the County harmless for any claim for any infringement by the Contractor of any copyright, trade secrets, trademark or patent rights of design systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Contractor in performance of this Agreement. The County shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at the Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of the Contractor. The Contractor shall indemnify and hold the County harmless regardless of whether or not the infringement arises in the course of delivering Services under this Agreement.

(b)(i) In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if the Contractor believes that it may be enjoined, the Contractor shall have the right, at its own expense, to take action in the following order of precedence: (A) to procure for the County the right to continue using such item(s) or part(s) thereof, as applicable; (B) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (C) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (D) if none of the foregoing is commercially reasonable, then provide monetary compensation to the County up to the dollar amount of the aggregate consideration paid to the Contractor under this Agreement. (ii) The preceding remedies are in addition to and not in lieu of the Contractor's obligation to indemnify and defend the County. (iii) Time is of the essence with respect to every provision of this Agreement in which time of performance is a factor.

(c) The foregoing provisions shall not apply to any infringement occasioned by modification by the County or any third party pursuant to the County's direction that is (i) not expressly contemplated by the Contractor in writing; (ii) made without the Contractor's approval; (iii) based on the unauthorized use of the software by the County; or (iv) caused by the use of any deliverable with any adjunct device by the County, unless such use was contemplated or consented to by the Contractor.

(d) In the event that an action at law or equity is concerned against the County arising out of a claim that the County use of a deliverable under this Agreement infringes any patent, copyright or proprietary right and the Contractor is of the opinion that the allegations in such action in whole or in part are not covered by the indemnification and defense provisions set forth in this Agreement, the Contractor shall immediately notify the County in writing and shall specify to what extent the Contractor believes it is obligated to defend and indemnify under the terms and conditions of this Agreement. The Contractor shall in such event protect the interests of the County and secure a continuance to permit the County to appear and defend its interests in cooperation with the Contractor as is appropriate, including any jurisdictional defenses the County may have.

16. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

17. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the

County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

(d) Accounting Upon Termination: (i) Within sixty (60) days of the termination of this Agreement, the Contractor shall provide the Department with a complete accounting up to the date of termination of all monies received from the County and shall immediately refund to the County any unexpended balance remaining as of the time of termination.

18. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

19. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for

adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

20. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

21. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

22. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

23. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this

Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

24. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

25. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred and Thirty-Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 201-2001. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

26. Force Majeure: Whenever performance by either party of any of their respective obligations is substantially prevented by reason of any act of God, other industrial or transportation disturbance, fire, floods, riots, acts of enemies, national emergencies or by any other cause not within the reasonable control of such party and not occasioned by its negligence, then such performance shall be excused and the performance of such obligations under this Agreement shall be suspended for the duration of such prevention and for a reasonable time thereafter.

27. Executory Clause. Notwithstanding any other provision of this Agreement:

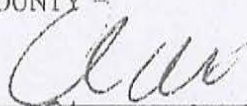

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

28. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the date first above written.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any

additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested.

The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other

party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County

Contractor must also be included with the Best Effort Documentation

- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Appendix L

3. SOW Process

The Services underlying this Agreement have been awarded to four (4) contractors (the "Contractors"). Please be advised that Contractors are not guaranteed work under the Agreement. Rather, the Agreement gives Contractors eligibility to bid on a particular SOW for which it can provide the necessary GIS Services.

a. Individual Statements of Work.

When NCIT has a project requiring GIS services, a SOW describing in detail the project GIS Services will be issued to each of the Contractors eligible to provide the specific type of GIS Service needed.

Notwithstanding the expiration of the Agreements between the Contractors and the County, an individual SOW may require the Contractors' personnel to work beyond the termination date of the Agreement to complete a specific project or activity in the SOW. In that event, the County, at its sole option and discretion, may choose to amend the Agreement to extend the term for the period the Contractors' personnel is needed to complete the project under the SOW. In addition, NCIT has the ability to modify each SOW to satisfy specific County needs.

Each SOW will provide details as to the required:

- GIS Category required.
- Description of project and services required.
- Dates and schedule requirements.
- Staffing requirements

NCIT will allow Contractors a specific period of time from the time NCIT issues an SOW to submit an offer in response. Such period of time will be specified when the SOW is issued and will vary for each SOW. NCIT will determine this length of time in part by the complexity of the project and services required.

Contract Summary

Purpose: Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract will enable the vendor to provide GIS Support to further this development.

The purpose is to exercise the renewal of the term from 8/22/17 to 8/21/19, as per contract. There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS is married to the Firecom Street Locator System so that when a fire alarm is dispatched the system will deliver a GIS map at the same time. 2) DPW: DPW take GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partners outside Nassau County government.

The Services have been awarded to four vendors that Nassau County believes will best be able to provide the County with user support, system maintenance, system upgrade, systems administration and support, application development and training

Method of Procurement: RFP

Procurement History: The Contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LISTnet websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Bejarano, Anthony Paganini, Jim Slevin and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking (attached), four vendors were selected

Description of General Provisions: Task 1 & GIS Support Services:

1. On-call user support including problem resolution.
2. Data maintenance as required or as directed by the County.
3. New application development and continuing application development on work previously completed and on work in progress.
4. Systems Administration and Support.
5. Support for implementing software upgrades.

Amendment #1

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having its principal office at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) Gayron De Bruin Land Surveying and Engineering, P.C., a New York State corporation, having its principal office at 11 Union Avenue, Bethpage, NY 11714 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CQIT15000004 between the County and the Contractor, executed on behalf of the County on August 21, 2015, (the "Original Agreement"), the Contractor performs certain support and training services for the County in connection with the County's use of its geographic information systems (the "GIS System"), which services are more fully described in the Original Agreement, (the "Services"); and

WHEREAS, the Original Agreement commenced on August 21, 2015 and is scheduled to terminate on August 21, 2017 (the "Term"); and

WHEREAS, the Original Agreement contains three (3) renewal options for one (1) year periods exercisable at the County's sole discretion (the "Renewal Options"); and

WHEREAS, the Services have not been completed; and

WHEREAS, in order for the County GIS System to function properly, the County requires the contractor to provide user support, system maintenance, upgrade, and additional enhancements (the "Maintenance and Support Services"); and

WHEREAS, the County and the Contractor desire to exercise the first two (2) Renewal Options to complete the Services and for Contractor to provide necessary Maintenance and Support Services to the GIS System; and

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term Extension and Renewal Option. The Term shall be renewed for two (2) additional one year periods, so that the termination date of the Original Agreement, as amended herein, shall be August 21, 2019. The County reserves the right to exercise the final renewal option at its sole discretion.

2. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties.

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.

Contract Summary

Purpose: Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract will enable the vendor to provide GIS support to further this development. Enterprise GIS is a geographic information system that is integrated through an entire organization so that a large number of users can manage, share, and use spatial data and related information to address a variety of needs, including data creation, modification, visualization, analysis, and dissemination. In Nassau County's case the Enterprise GIS is used across multiple agencies to track assets, capital projects, incidents of multitude, and manage cadastral datasets to name a few use cases. The purpose is to exercise the renewal of the term from 8-21-2019 to 8-20-2020, as per contract. There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS "married" to the Firecom Street Locator System so that when a fire alarm is dispatched, the system will deliver a GIS map at the same time. 2) DPW takes GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partner outside Nassau County government. A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE
TO EXECUTE AN AMENDMENT TO A PERSONAL SERVICES
AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON
BEHALF OF THE DEPARTMENT OF INFORMATION TECHNOLOGY,
AND GAYRON DE BRUIN LAND SURVEYING AND ENGINEERING,
P.C. ("GAYRON").

Passed by the Rules Committee
Nassau County Legislature
By Order of the Committee 9-9-19
YOTES
aye 7 nay 0 abstained 0 0
Legislative presence 7

WHEREAS, the County has negotiated an amendment to a personal
services agreement with Gayron for GIS-related support services, a copy of
which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County
Legislature authorizes the County Executive to execute the said amendment
to agreement with Gayron.

Amendment #2

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having its principal office at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) Gayron De Bruin Land Surveying and Engineering, P.C., a New York State corporation, having its principal office at 88 Duryea Road, Melville, NY 11747 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CQIT15000004 between the County and the Contractor, executed on behalf of the County on August 21, 2015, and subsequently amended on August 18th, 2017 (the "Original Agreement"), the Contractor performs certain support and training services for the County in connection with the County's use of its geographic information systems (the "GIS System"), which services are more fully described in the Original Agreement, (the "Services"); and

WHEREAS, the Original Agreement commenced on August 21, 2015 and is scheduled to terminate on August 20, 2019 (the "Term"); and

WHEREAS, the Original Agreement contains three (3) renewal options for one (1) year periods exercisable at the County's sole discretion (the "Renewal Options"); and

WHEREAS, the Services have not been completed; and

WHEREAS, in order for the County GIS System to function properly, the County requires the contractor to provide user support, system maintenance, upgrade, and additional enhancements (the "Maintenance and Support Services"); and

WHEREAS, the County desires to exercise the Renewal Option in accordance with the terms and conditions set forth herein; and

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term Extension and Renewal Option. The County hereby exercises its final Renewal options extending the Term for an additional one(1) year period so that the termination date of the Original Agreement, as amended herein, shall be August 20, 2020.
2. Compliance with Law. The "Compliance with Law", Paragraph 8 of the Original Agreement is hereby modified to include the following two additional new subsections:

g. Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or

firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

h. Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

3. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties.

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.
