OVERVIEW

The Office of Management and Budget (OMB) is pleased to issue the 2011 Second Quarter Financial Report which projects a balanced budget.

On January 26, 2011, the Nassau County Interim Finance Authority (NIFA) instituted a control period over County finances. NIFA indicated that its decision to enact the control period resulted from their projection that the County's 2011 Adopted Budget had a \$176 million deficit, when calculated using the Generally Accepted Accounting Principles (GAAP) basis of accounting. As discussed in the County's Revised Update to the Multi-Year Plan, the County disagrees with NIFA's position. The County's independent auditor has advised that the fund surplus/deficit calculation is recorded in accordance with GAAP in the Comprehensive Annual Financial Report ("CAFR") of the County Comptroller (which is audited by the County's independent auditor), on schedule X-5-"Governmental Funds – Statement of Revenues, Expenditures and Changes in Fund Balances", as Net Change in Fund Balances (Deficits). Net Change in Fund Balances (Deficits) is the sum of three inputs: (1) Revenues, (2) Expenditures and (3) Other Financing Sources (Uses).

The County notes that it finished 2010 with a \$26.6 million surplus and believes that the 2011 Adopted Budget is balanced, using both the budgetary and GAAP basis of accounting, as was the case in 2010 when the difference in results was less than one million dollars between the different presentations. To further ensure budgetary balance the County has instituted or is instituting the following actions:

- ➤ A hiring freeze on non-essential personnel;
- Elimination of step increases and cost of living adjustments (COLA) for all employees;
- ➤ A voluntary separation incentive program;
- ➤ Layoffs beginning July 1, 2011;
- ➤ Reduced hiring of Part-Time and Seasonal personnel;
- ➤ Redeployment of Police and Correctional Center officers due to program reductions targeted to decrease the amount of overtime;
- Outsourcing medical care for Correctional Center inmates;
- ➤ Housing of Suffolk County inmates;
- ➤ Sales of various land leases and excess County-owned land; and
- ➤ The use of bond proceeds to pay for Tax Certiorari and Judgments & Settlements as the County transitions to the elimination of the County Guarantee.

The Administration acknowledges the severity of these actions on its workforce, however, drastic actions have to be taken to maintain budgetary balance. The workforce is at the lowest level in over fifty years. Significant new initiatives are being pursued, including restructuring the archaic property assessment system, and charging certain tax-exempt entities for sewer services.

The Administration will continue to develop new initiatives that focus on recurring revenues, cost savings, and greater operational efficiencies, while continuing to provide the highest quality of service to its constituents.

EXPENDITURE RESULTS

Salaries, Wages & Fees

Projected Salaries Expense for 2011 for the five major funds is \$832.1 million, which is \$20.2 million higher than the 2011 Adopted Budget. Headcount reduction initiatives have partially offset, but not totally mitigated, the budgeted salary savings (\$61.6 million) that were initially projected to be achieved through union concessions. The salary projection also includes \$63.8 million for overtime, of which \$40 million is for the Police Department and \$17.2 million is for the Sheriff/Correctional Center.

Headcount

As of June 30, 2011, the County had 8,071 full-time employees for the five major funds. At the end of July, the County has 7,956 positions, which represents 454 fewer positions than the 2011 Adopted Budget of 8,410 full-time employees.

Overtime

The Police Department's 2011 Adopted Budget provided for \$39 million in overtime funding. Through June 30, 2011, the department incurred \$15.2 million in overtime expense and expects to end 2011 with \$40 million in overtime expense. The Sheriff /Correctional Center's 2011 Adopted Budget provided for \$20.2 million in overtime funding. Through June 30, 2011, the department incurred \$9.1 million in overtime expense and expects to end 2011 with \$17.2 million in overtime expense.

Employee Benefits

The 2011 Adopted Budget for Employee Benefits provided for the five major funds is \$472.4 million. This includes a variety of expenses such as pensions, employee and retiree health insurance, and Workers' Compensation. For 2011, Employee Benefits are projected to be \$470.4 million, a \$2 million reduction from the 2011 Adopted Budget. The County's employer share of FICA expense is projected to be less than budgeted. This is partially offset by higher-than budgeted NYS Unemployment Insurance costs associated with the unbudgeted layoff initiative.

The budget for pension and health insurance represents by far the largest portion of Employee Benefits at \$357.6 million. For 2011, pension and health insurance expenditures are projected to be close to budget.

The Workers' Compensation expense portion of Employee Benefits is projected to be \$28.5 million, and is slightly higher than budget.

Contractual Services

In early 2011, the County mandated significant departmental spending restrictions on all contractual expenditures. Similar to the cost savings plan implemented in early 2010, this initiative continues the cost-cutting controls that are necessary in the current economic environment and are projected to yield \$10.2 million in savings when compared with the 2011 Adopted Budget.

Utility Costs

Utility Costs include expenditures for electricity, natural gas, telephone, water, fuel oil and thermal energy. The Long Island Power Authority (LIPA) is the main supplier of electricity and Hess Corporation is the primary provider of natural gas. The County has a contractual relationship with Veolia Energy (formerly known as Trigen Nassau Energy Corporation) to supply the County with thermal energy through the mediums of high temperature water, chilled water and steam. For 2011, Utilities Costs are projected to be \$39.3 million, a \$3.1 million increase from the 2011 Adopted Budget, primarily related to expense for a Federally-reimbursable American Recovery and Reinvestment Act (ARRA) energy efficient traffic light project. This expense is offset by an equal amount of Federal Aid.

Direct Assistance

Direct Assistance includes Recipient Grants, Purchased Services, and Emergency Vendor Payments. Recipient Grants are payments made to a client for services such as Temporary Assistance for Needy Families (TANF), Safety Net, Foster Care, and the Food Stamp Program. Purchased Services include Day Care, Preventive and Protective Services, and Homemaker Services. Emergency Vendor Payments include payments for Special Education Assistance, Persons In Need of Supervision (PINS), Department of Social Services (DSS) Juvenile Detention Center custody, court placements, and handicapped services.

The 2011 projection for Direct Assistance programs (which does not include Medicaid expense) is \$191.4 million, which is a reduction of \$4.7 million from the 2011 Adopted Budget of \$196.1 million and is primarily attributable to the renegotiation of certain rates in non-mandated contracts.

Early Intervention and Pre-school Special Education Programs

Early Intervention (EI) is an entitlement program that provides specialized services to children under age three with developmental delays and disabilities. Services include evaluations to determine eligibility, as well as a comprehensive array of services to eligible children, including service coordination, speech/language therapy, physical therapy, occupational therapy, special education, family counseling, and transportation.

Pre-school Special Education pays for educational and supportive services to special needs children ages three to five. The program offers center-based evaluations, educational services, itinerant services, and transportation. Eligibility and levels of service are determined by the local school district through the Committees on Pre-school Special Education (CPSE). The program also oversees a County-wide transportation system for both the Early Intervention Program (ages one to three) and Pre-school Program (ages three to five). The Pre-school Special Education program also provides financial support for Summer School programs for 5 to 21 year-olds.

The projected cost for these services for 2011 is \$169.6 million, a reduction of \$1.7 million from the 2011 Adopted Budget. The projected surplus is due to the County-wide mandate to reduce departmental expenditures. State Aid for these services is reimbursed at 59.5% and 49%, respectively.

REVENUE RESULTS

Sales Tax

The most closely monitored revenue source in the County's budget is sales tax because it accounts for approximately 38% of all County receipts and is susceptible to dramatic annual fluctuations as a result of economic conditions that are beyond the County's control. The sales tax rate in Nassau County is 8 5/8 percent. Four percent is retained by the State, 3/8 percent is earmarked for the MTA, and 4 1/4 percent is forwarded to the County, of which 1/4 percent is distributed to the local towns and cities.

County sales tax revenue is projected at \$1,013 million for 2011 as compared to the 2011 Adopted Budget of \$1,023.3 million. The decrease of \$10.3 million is due to lower than anticipated growth when compared to the budgeted assumptions.

State and Federal Aid

State Aid for 2011 is projected at \$209.5 million as compared to the 2011 Adopted Budget of \$221.5 million. This is a decrease of \$12 million and is primarily attributable to lower reimbursable expenses, a budgeted LIE ticket surcharge initiative that did not receive NYS approval, and lower than expected grant related reimbursements.

Federal Aid for 2011 is projected at \$154.5 million as compared to the 2011 Adopted Budget of \$151.8 million. This increase of \$2.7 million is primarily associated with reimbursement for the American Reinvestment and Recovery Act (ARRA) Traffic Light Project and an increase in the reimbursement rate related to the Temporary Assistance for Needy Families (TANF) direct assistance program.

Fines & Forfeits

Fines & Forfeits for 2011 is projected at \$54.5 million as compared to the 2011 Adopted Budget of \$95.6 million. The resulting \$41.1 million unfavorable variance is mainly attributable to a slower than budgeted implementation of the Red Light Camera Program primarily resulting from a delay in the approval from New York State for additional cameras.

Rents & Recoveries

Rents & Recoveries for 2011 is projected at \$91 million as compared to the 2011 Adopted Budget of \$82.5 million, resulting in a favorable variance of \$8.5 million due in large part to sales of various Mitchel Field leases as well as the sale of excess County-owned land.

KPI REPORT 10: Tax Certiorari Report

The County's Assessment Review Commission (ARC) has completed its actions as they relate to the 2011/12 tax year. The results of ARC actions include the following statistics:

Parcels Appealed

Total Appealed	119,155
Commercial	19,155
Residential	100,000

Parcels Reduced on Assessment Roll

Total Reduced	78,231
Commercial	10,709
Residential	67,522

We expect to continue our joint conference program with the County Attorney throughout the summer. This joint program has helped in increasing the commercial case settlement activity. We expect the affiliation between ARC and the County Attorney's office to provide for an efficient case settlement environment. Additionally, ADAPT, the County's multi-department tax cert case management system, is expected to come online in the fall of this year. This will provide for a shared information "platform".
