#### **Departmental Targets**

- OMB requires that departments adhere to budget targets
- Expenditures should not be increased unless there is a corresponding revenue positive initiative or other expenditure reduction proposed
- Proposed reductions should focus on programs that the County is not mandated to provide by State and Federal legislation
  - Reductions to mandated programs resulting from initiatives to provide the service more cost effectively are encouraged

OMB staff encourages departments to reach out for assistance on all questions

#### **Departmental Targets**

- Full-Time HC & Salary Targets are preloaded at the level of the 5/23/2019 Payroll.
- Part-Time & Seasonal Targets include HC and amounts based on prior year trending.
  - Salary Extras, with the exception of Longevity and Terminal Leave, are preloaded based on prior year results;
  - > Fringes are budgeted centrally by OMB.
- OTPS & Revenue Targets are based on prior year results and 2019 projections.
- BJ/HF should not be entered by the Departments; a member of the OMB staff will be coordinating the ISA process (See ISA Slide)

#### Information Technology

Reminder, the IT Department has centralized the management of all contracts related to maintenance and software.

- IT staff is working with individual departments to verify Maintenance and Software Contracts
  - Departments should coordinate with IT prior to July 22<sup>nd</sup>
- New needs must be submitted to and approved by IT
   This includes both equipment and software

### **Performance Management**

For your Fiscal 2020 submittal, existing CPAR performance measures and new proposed CPAR performance measures should be:

- Consistent with the goals & objectives described in your Departmental narrative
- Numeric & monitored on a monthly or quarterly basis
- Within your Department's direct managerial control or influence
- Assigned a realistic annual target (given the current economic environment), with the expectation for year over year improvement where feasible

# Interdepartmental Service Agreements

- An ISA is an agreement between two (2) departments to perform a service. Departments that receive revenue reimbursement for program related expenses from another department must participate in the ISA process in order to properly record and claim the expense
  - The department that performs the service is the "seller" department (Object code BJ-Interdepartmental Revenue)
  - The department that receives the service is the "buyer" department (Object code HF-Interdepartmental Expense)
- For Grants funds that reimburse the operating budget, use revenue code BW for inter-fund revenue and expense code HH for inter-fund charges

# Interdepartmental Service Agreements

- Seller departments must complete the ISA form and summary sheet available in the 2020 Budget Preparation Manual located on the County website: (https://www.nassaucountyny.gov/4338/Manuals-and-Seminars)
- Buyer departments must contact the seller department or OMB to ensure an ISA agreement is included in the 2020 Budget.
- When an ISA form is completed and signed by Seller the form is sent to the Buyer for signature and returned back to the seller
- Seller must submit a copy of the signed ISA form to along with summary sheet available in the 2020 Budget Preparation Manual
- When calculating indirect cost and fringe please use updated rates found in the 2020 Budget Preparation Manual and the most current 2019 indirect cost rate sheet located on the OMB website.

Send your completed ISA forms and address your questions to Irina Sedighi

# How Do I Enter Budget Data?

- Go to the Budget Input Tab
- You have two options to enter data :
  - > Option 1 : index code level by object
  - > Option 2 : control center level by object
- Both options summarize the total head count entered for Full-time,
   Part-time and Seasonal within the Index code that you are working on
- You can switch between the two options to input the data
- Enter Total Departmental Requests NOT adjustments to the targets
- Departments should explain budgetary needs by using Edit & Notes in APEX
- $_{\circ}~$  If additional codes need to be added contact Jeff Nogid

#### 2020 Grants Plan

- OMB will publish a 2020 Grant Plan during 4<sup>th</sup> Quarter 2019
- The Grant Application is located in APEX in a different module than the Budget Prep Application: <u>http://ncoraplsnr01.nassaucountyny.gov:7001/apex/apexprod/f?</u> <u>p=566</u>
- 2020 Grant Plan submission is due by August 5, 2019
- If you have not already done so, all approved, pending and potential grant awards anticipated during 2019 and projected for 2020 through 2022 must be entered into the Grant Budget Planning system in APEX

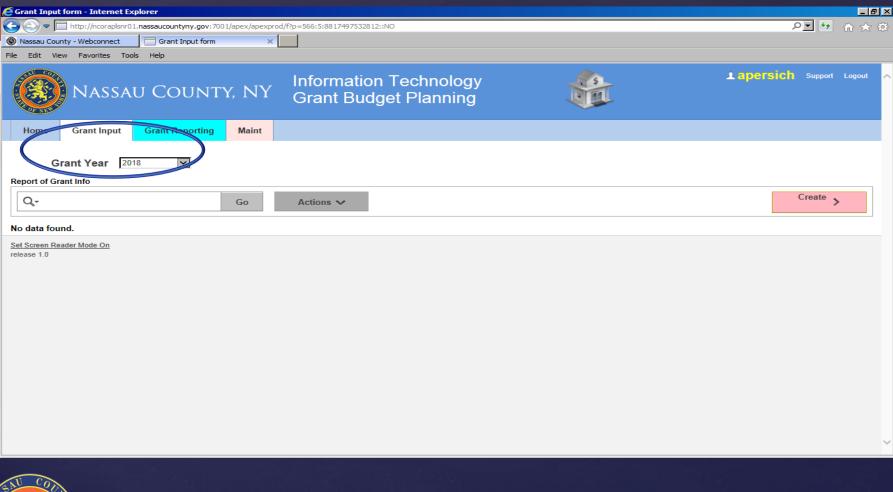

If you need assistance with this application contact Ana Sousa, Director of Audits and Grants
